SSA REFERRAL FORM

How can a Student Support Advocate (SSA) help?

SSAs work with students and families who need support with resources in the community. Food, shelter, clothing, mental and physical health care, and utility support are common needs. The Student Support Advocate can work with students referred by their teacher, admin, or school counselor, but also with students/families who seek assistance directly.

Available Resources

	**Housing** – Emergency housing, long term placement options, housing navigator		**Food** – Snacks, Free/Reduce Lunch form assistance, food bank connections, signing up for EBT/SNAP benefits
	**Healthcare** – Sign up for health insurance, find a doctor/dentist, vision programs		**Clothing** – Basic needs, back to school clothing and supplies
	**Mental Health –** Connect with counselling and mental health services		**Community/Family –** Various other services and resources in the community

(Circle any resources needed)
