- School Facility Consultants has provided a list of needed data to complete the Master Plan. We will have it to them by the end of the month.
- SchoolWorks will be submitting our application for facilities funding prior to the November deadline. They are also providing some documentation for the Master Plan.
- The only formal finding from the Williams Visit was that the chain-link needs to be stretched on the Dairyland backstop.
- There was a student council candidate assembly on Friday—elections for offices are Friday.
- Parent ESL classes will begin next week. Notices were sent in Friday folders and reminders will go out again this week.
- Tutoring will begin next week—two days per week; without transportation for now.
- The District received a definitive answer from auditors and CDE on providing vouchers for recreational sports. Per the criteria for Expanded Learning, any ELOP-funded activity off campus needs to include an offer of transportation.
- Last week, we met with teachers individually to review growth scores from last year's SBAC test. Those meetings led to very productive conversations.
- Our local RESULTS testing is finalized and intervention at both campuses has started this week.

- There is a PTC meeting tomorrow to finalize details on the barn dinner dance scheduled for 9/25. Tickets are available in each office.
Carmen presented our monthly solar production from P.G.& E. Since May P.G & E. has not included the meter that provides the solar production, Carmen didn't have the kwh. Tom asked about the maximum output. The board requested Schneider attend a board meeting to better understand the production reports. Board asked Carmen to call P.G. & E. to inquire about the meter being off the bill.
