ZOOLOGY

Mrs. Eschbaugh
Email: aeschbaugh@nlsd.k12.oh.us

Zoology is a branch of biology that deals with the study of animals and animal life. This course will place emphasis on the structure and function, development, taxonomy and classification of animals, including sponges, flatworms, mollusks, insects, arthropods, echinoderms, fish, amphibians, reptiles, birds, and mammals. Dissection will be a required component of this course!

Be prepared to think hard, try hard, and work hard!

Remember the Keys to Success: Attitude, Responsibility, Effort, and Attendance.
If you take care of your AREA, your grade will take care of itself!

Class Supplies

●School provided Chromebook, CHARGED, with charging cable ●
●Pens ● Pencils ● Highlighters ● Notebook Paper ● Colored Pencils ●

Class Rules

- Be prepared, punctual, and put in effort!
- Respect yourself, others, the teacher, and our classroom.
- Always respect other people's property, including the property of the school.
- Cell phones and headphones are NOT permitted unless required for a lab.
- No eating or drinking is permitted unless stated by the teacher.

Class Procedures

- All assignments must have your First & Last Name, Date & Mod/Block.
- All assignments are collected at start of class **on due dates**. If an assignment is late, it will result in a **50%** grade reduction. After 3 days, you will receive a zero!
- When you need to use the restroom, fill out the sign out form and take a pass.
    - If time outside of class becomes too frequent or lengthy, your hall pass privileges will be revoked.

Grading

You will be graded, by points, on a variety of assignments, labs, projects, quizzes and exams throughout each unit or chapter. **Every student is expect to actively participate in each class and submit assignments on time!**

Quizzes or tests can be revised to relearn material and recover 50% of the missed points. It is HIGHLY recommended that you complete these to master the material.

Please care about your grade for the entire 9 weeks, not just the last 2 weeks of any grading period—by then, it is TOO late!

Cheating is obtaining work or answers from sources other than those designated by the instructor, this include AI or the Internet. Giving others your work or answers is also considered cheating, and both or all students involved will receive a zero!!!

Make-Up Work

- **Make up work is YOUR responsibility to collect, complete, and turn in.**
- You can find a summary of what you missed on Google Classroom, by accessing the "What did we do today?" document under "Class Resources" or on the weekly agenda slide. Upon returning to class from being absent, you will retrieve your missed work from the Absent Center or Google Classroom.
    - **Parents/Guardians, this document also contains reminders for upcoming assignments, projects, quizzes, and tests.**
- Complete the assignments and turn them in to the Late/Absent bin the next class period, making sure to note on the assignment the date you were absent.
- You will have 3 days from the date you return to turn in make -up work that has been missed from an absence. After this time, assignments that were missed cannot be made up and will receive permanent zeros.
