October 30	Halloween Parade 

INSIDE THE CLASSROOMS

PUMPKINS, PIXELS & TECHNOLOGY!

First Grade students are building their computer skills while getting into the fall spirit! Students began by using the touchscreen feature to draw their own pumpkins. They then transitioned to using the touchpad on their keyboards to add details, transforming their pumpkins into creative jack-o'-lanterns. This hands-on activity gave students the opportunity to practice navigating digital tools, developing fine motor skills, and building confidence with technology - all while having a little Halloween fun!

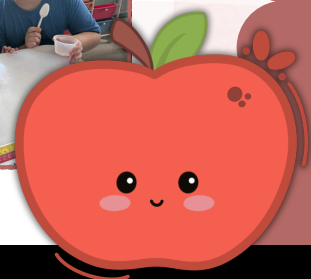

Making Memories (and Applesauce!) with Our Paw Pals

Our 3rd graders and kindergartners enjoyed some special time together with their Paw Pals! They worked together to make homemade applesauce, practicing teamwork and making memories along the way. Later that afternoon, they gathered together to enjoy their delicious applesauce during snack time. It was a fun-filled afternoon of learning, friendship, and, of course, yummy applesauce!

PAJAMA Day!

Exploring All Things Fall

Our *Pre-K Wildcats* headed outside for a fun-filled nature walk to explore all the sights, sounds, and discoveries that fall has to offer! From colorful leaves and changing trees to the little treasures found along the way, our youngest learners enjoyed experiencing the season up close. It was a wonderful opportunity to explore, observe, ask questions, and learn about the world around them—all while enjoying a beautiful fall day!

Growing, Leading & Setting Goals

Our *third graders* are putting leadership into action! They created this hallway display to celebrate the positive attributes and leadership qualities they see in themselves. As part of the project, each student also set a personal goal to work toward. We love seeing our Wildcats recognize their strengths while challenging themselves to grow and become the best leaders they can be!

Spirit Week Fun & Learning!

Mrs. Hayes' Kindergarten class had fun showing their spirit during Spirit Week by wearing blue or their favorite Bluey outfits and representing their favorite sports teams in their jerseys! During intervention time, students have also been building important math skills by exploring patterns and practicing one-to-one correspondence with numbers up to 9.

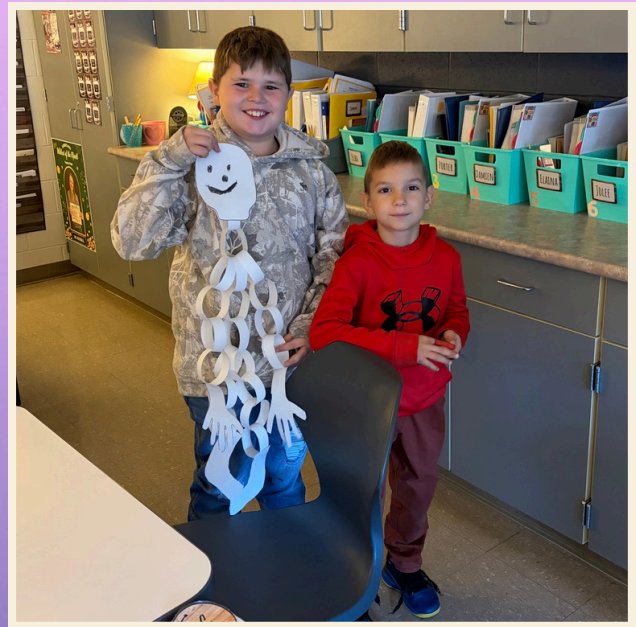

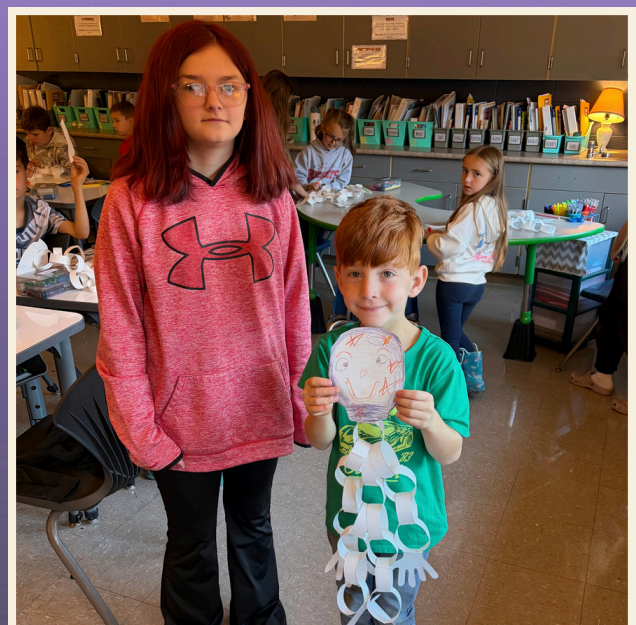

Paw Pals Get Creative

Miss Carlineo's second graders and Miss Russell's fifth graders teamed up for some Halloween art fun! Our Paw Pals enjoyed spending time together while getting creative and celebrating the spooky season.

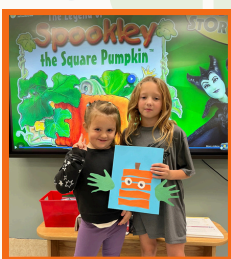

Paw Pals Create Spookley

Mrs. Robords's kindergarten class and Mrs. Button's third graders teamed up for a Spookley-themed day! After watching Spookley the Square Pumpkin, our Paw Pals got creative with a fun craft and finished by making and enjoying a Spookley-inspired snack. A fun-filled day of friendship, creativity, and fall fun!

Our Community Closet Is Open!

The community closet is open! Every year, **United Way** donates personal hygiene products to area schools so that our families always know where to find the basics if they are in need. We have a variety of shampoo and conditioner, soap, dental supplies, and feminine hygiene products. Students are able to come in any time and shop for what they need. Parents and families, please don't hesitate to reach out to *Miss Eggleston* if you need a few items from the community closet - we are here to help!

In addition to United Way, our local **Sheriff's Department** hosts an annual coat drive for students in our area, and we have received many donations over the years. It is getting cold out, and students will need to start bundling up! If you'd like your student to visit the closet and choose a coat for the winter, please reach out to Miss Eggleston and we can make it happen.

We are so grateful to our community partners for helping our Wildcat families get what they need throughout the year! They say it takes a village to raise a child, and ours is one of the best!

Leadership Roles at Home

Each new school year is a chance to grow and learn—not just in reading and math, but in life! When students grow up they need more than just facts, they also need to be healthy, responsible, and ready to lead.

One of the best ways to help students become leaders is to give them chances to lead. At school, students might have classroom jobs or leadership roles to practice being responsible. You can try this at home too!

Talk with your child about a job or role they might want to do at home. Ask them what makes them a good leader for that job. Then, make a plan together and talk about how they'll balance it with homework or other activities.

Here are a few fun role ideas to get started:

**Gardener:**

Take care of houseplants or outdoor spaces.

**Technology Leader:**

Keep devices charged and organized.

**Floor Leader:**

Help keep floors clean and free of clutter.

**Assistant Chef:**

Help with preparing food or setting the table.

Give your student a few days to practice, then check in. Ask them how it is going and whether it feels too easy, just right, or too hard. Celebrate their effort and leadership. When students lead at home, they build skills that last a lifetime.

HIGH SCHOOL Happenings

Please take note of the new parade route this year! The parade will begin at the Post Office at the Hunter Hill Road/Preacher Street intersection, then turn left onto Route 417, continue past the high school, and end at the Sports Complex.

Get ready for a weekend full of school spirit, tradition and fun! Bring your family and friends and cheer on our students, teams and floats at the parade on Saturday at 11:00. Spend the day supporting our Wildcats on the field at the Sports Complex. Then gather together as we wrap up an unforgettable Homecoming weekend around the bonfire! One weekend. One community. Plenty of memories! Come celebrate. Come show your spirit. *Come make it REEL CLASSIC!*
