

Shared Decision-Making Committee (SDMC) Meeting Q1

Meeting Minutes – Campus Data Review & Action Plan Goals

Date: August 28, 2026

Time: 4:30 PM - 5:30 PM

Location: Lockhart Library

Facilitator: Whitney Bruns, Principal

Recorder: Tresa Lyons

Members Present: Whitney Bruns, Teshana Mathurin, Tresa Lyons, Cassandra Thomas, Lauren Shackelford, Pavafle Duprey, Lawanna Garcia, Arthur Christopher, Shenetta Roberts, Darian Craver

Members Absent: Treasure West, Lashan Woodard, Jesus Garcia

1. Call to Order & Welcome

Principal Bruns called the meeting to order at 4:30 PM. Members were welcomed to the first SDMC meeting of the 2026–2027 school year. The purpose of the meeting was to review campus performance data, discuss identified areas of need, and review the proposed Campus Action Plan goals and strategies.

2. Campus Data Review

The committee reviewed current and historical campus data and discussed areas of progress as well as opportunities for continued growth. Lockhart has demonstrated improvement in overall accountability performance, increasing from a **D (67) in 2022–2023 to a B (84) in 2024–2025**. However, student achievement remains an area requiring continued focus.

Data reviewed included student achievement and growth, MAP Reading and Math, DIBELS, instructional quality indicators, attendance, and discipline. The committee noted:

- **Math:** MAP achievement and growth indicate a continued need for improvement in Grades 1–4, with particular concern around student growth.
- **Reading:** MAP data indicate opportunities for improvement, particularly in Grades 3 and 4.
- **Early Literacy:** DIBELS proficiency increased from **50.0% to 73.55%**, demonstrating the positive impact of structured literacy and targeted intervention.
- **Instructional Quality:** SPOT and IRT data demonstrated improvement while also identifying opportunities to strengthen consistent implementation of high-leverage instructional practices.
- **Campus Systems:** The committee discussed the importance of consistent behavior systems, intervention practices, data analysis, and accountability for implementation. **Committee Discussion/Feedback:** The committee highlighted significant gains in accountability and early literacy scores while identifying key areas like math growth in grades 1 through 4 that require more targeted support.

3. Review of 2026–2027 Campus Action Plan

Based on the needs identified through campus data, the committee reviewed the following three Key Actions:

Key Action 1: Strengthen Tier 1 Instruction Through Consistent High-Leverage Instructional Practices

The committee reviewed the campus goal of improving instructional quality through consistent implementation of exemplars, purposeful Turn & Talks, stamping key points, rigorous writing, and monitor-and-adjust practices. Success indicators include increasing the campus IRT average to **14.5 or higher** and increasing the number of teachers earning Proficient II or higher on SPOT from **7 to at least 12**.

Key Action 2: Improve Math Achievement and Growth

The committee reviewed the goal of increasing MAP Math achievement in Grades 1–4 by at least **10 percentile points**, increasing MAP Math growth to at least the **55th percentile**, and ensuring students performing below grade level receive targeted acceleration based on data.

Key Action 3: Strengthen Reading Outcomes

The committee reviewed the goal of increasing Reading MAP achievement in Grades 3–5 by at least **8 percentile points**, maintaining campus-wide DIBELS proficiency at or above **75%**, and decreasing the percentage of students in the lowest two MAP reading quintiles by **10 percentage points**.

4. SDMC Feedback & Recommendations

Committee members were invited to provide feedback regarding the proposed goals, strategies, resources, and support.

5. Committee Action

Following discussion, the SDMC:

- ☐ **Supported the Campus Action Plan as presented**
- ☐ **Supported the Campus Action Plan with recommended revisions**
- ☐ **Requested additional information/discussion before providing a recommendation**

6. Action Items & Next Steps Campus leadership will continue monitoring progress toward the identified goals through student achievement data, instructional observations, progress monitoring, PLC/data cycles, and other campus measures. Progress and any needed adjustments will be shared with the SDMC during future meetings.

7. Adjournment

The meeting was adjourned at 5:30 pm

Next SDMC Meeting: November 20, 2026
