

# CITIZENS' ADVISORY COMMITTEE

## PARENT & COMMUNITY REPRESENTATIVE

## Ann Zannella

I am honored to have been selected to serve on the Citizen's Advisory Committee and feel that I have the background to be an asset to this committee. I look forward to supporting this great community that we reside. In order to have a strong school district, the main priority relies on the teachers, administrators, parents, students, and community members working together with transparency and respect from the different perspectives to achieve our district goal.

I have been a resident of this district for 32 years. Prior to moving to East Stroudsburg I resided in New York and was employed as a Municipal Bond Trader for a small Wall Street Boutique. When I relocated to PA to start my family, I worked as a Paraprofessional at Smithfield Elementary for 4 years while simultaneously attending ESU to pursue my Teaching degree. I spent the last 18 years as a Special Education HS Math teacher. I also taught ESACA Business classes for the last 10 years. I officially RETIRED this past June. My two sons attended ESASD schools from K -12. One of my sons was an Honors Student and the other was identified with a Specific Learning disability in elementary school. He made progress through his school years and graduated taking Honors/College Prep course work. Both my sons attended 4 year colleges and are successful in their respective careers.

I believe that with my personal and work experience while being a tax paying resident in the district, I can validate that ESASD works for all types of student learners. Being a member of this committee I will strive to promote this message and the great opportunities this district offers.
