SCHOOL PORTRAITS · 2026–2027

Georgia Cyber Academy has partnered with Capturely to bring school portraits **home.**

This year, your child's school photos happen on your schedule — right through your phone. No surprises. No bad hair days. Just great memories.

HERE'S WHAT THAT MEANS FOR YOUR FAMILY

See Photos Before You Buy

Browse your child's portraits in an online gallery and order only what you love. No pre-paying for packages you haven't seen.

Guided Sessions

Connect with Capturely through your phone for realtime coaching on posture, expression, and lighting — just like a studio, but from your living room.

You're There for Every Shot

Hair done right, outfit perfect, familiar surroundings. You're present the whole time, so your child is comfortable and confident in front of the camera.

Photos Ready Within 3 Days

Professionally retouched images are ready in your online gallery in 3 business days. No waiting weeks for paper proof packets.

Order Online, Shipped to Your Door

Digital downloads, prints, and keepsakes — ordered online and delivered directly to your home. No paper order forms, no cash envelopes.

Photos On Your Schedule

Evenings, weekends, before school or after — choose any time that fits your family. Sessions take about 10 minutes from start to finish.

The best part? You can do all this from your phone or tablet — anytime, anywhere. School portraits just got a whole lot easier, so let's focus on **capturing that perfect smile**.

Look for emails beginning October 16 with a virtual photo session link.

No On-Site Picture Day.

Just Perfect Pictures.

Real, professional-quality school portraits taken from the comfort of your home.
