School Goals

At Yamhill Carlton High School we are focused on creating a positive climate and school culture where ALL of our students can thrive. We will focus on each and every student by building strong relationships and monitoring Social Emotional well being and learning how to navigate daily High School life. YCHS is also committed to boosting our attendance rate which we believe will then have a direct impact on the outcomes for 9th grade on track as well as our graduation rate.

State Goals

The Oregon Department of Education is partnering with school districts and communities statewide to reach a 90% on-time graduation rate by 2027. Anchored in the pillars of Academic Excellence, Belonging & Wellness, and Accountability, ODE prioritizes evidence-based strategies that strengthen early literacy, improve attendance, and deepen student engagement. We are committed to eliminating opportunity and achievement gaps for historically underserved students. By investing in culturally responsive practices, cultivating inclusive school environments, and fostering a culture of continuous improvement, we can help ensure every student thrives.

Safe & Welcoming Environment

At Yamhill Carlton High School it is extremely important that we create and foster an environment that is safe and welcoming to all of our students. We want all YCHS students to feel like they matter and that they have a place here. It is not only our goal, but our responsibility to ensure that ALL of our students regardless of race, gender identity, sexuality or country of origin feel supported and safe while attending YCHS. We believe that ALL students deserve the opportunity to have a successful education and our staff is committed to making that a reality.
