

EGS LOWER SCHOOL ENRICHMENTS

Monday

Stitch & Create: Christmas Keepsake

GRADES: SK, 1ST, 2ND, 3RD

Girls Only, \$85

Session Dates: 10/26, 11/2, 11/9, 11/16, 11/30

Mrs. Lyssa Fisackerly, PK Teacher

Ms. Ashley Fisher, PK Assistant

Grab a needle, choose your favorite colors, and get ready to create something special! Students will learn the basics of embroidery while creating a beautiful handmade Christmas keepsake to treasure for years to come. Girls will learn simple stitches, practice patience and fine-motor skills, and add their own creativity as their project comes together week by week.

No sewing experience is needed! Projects will be designed with beginners in mind, with age-appropriate options so every girl can experience the joy of making something with her own hands. We'll finish our final week with a little Christmas celebration and our handmade keepsakes ready to go home!

LEGO MANIA

GRADES: SK, 1ST, 2ND, 3RD

COED, \$85

Session Dates: 10/26, 11/2, 11/9, 11/16, 11/30

Mrs. Bess Farris, Early Childhood Principal

Come imagine, design, and create together at Lego Club! Each week will bring a new fun challenge that encourages problem solving, creativity, and collaboration. Boys and girls alike will enjoy bringing their ideas to life and sharing them with the group.

Detective Academy

GRADES: SK, 1ST, 2ND, 3RD

COED, \$85

Session Dates: 10/26, 11/2, 11/9, 11/16, 11/30

Mrs. Jenny Triplett, Third Grade Teacher

Students become real detectives as they solve puzzles, crack secret codes, complete logic activities, search for hidden clues, and uncover what really happened in each case! Activities include puzzles, coloring, reading, hidden objects, logic games, critical thinking, and exciting screen-free learning adventures students won't want to miss!

Tuesday

Holiday Bloom Lab

GRADES: JK, SK, 1ST, 2ND, 3RD

Girls Only, \$85

Session Dates: 10/27, 11/3, 11/10, 11/17, 12/1

Mrs. Bess Farris, Early Childhood Principal

Bloom is back! Get ready for another season of creativity, fun, and girl-powered adventures! Each week, we'll dive into a holiday themed hands on activity—cooking, art, science, dancing and more. Bloom Lab is the perfect place to try something new, make memories, and let your creativity bloom!

Construction Crew

Session Dates: 10/27, 11/3, 11/10, 11/17, 12/1

Mrs. Maria Thomas, EC Music and Soar Studio Teacher

Ukulele Club is for anyone who wants to learn some simple songs and chords on the ukulele and to get together to play.

You can bring your own or one will be provided.

Wednesday

God's Amazing Creation

GRADES: LE (must be potty trained), PK, JK, SK

COED, \$85

Session Dates: 10/28, 11/4, 11/11, 11/18, 12/9

Mrs. Lyssa Fisackerly, PK Teacher

Come explore the beauty and wonder of God's creation! During this five-week enrichment, children will discover pumpkins, plants, animals, leaves, light, and more through hands-on activities, sensory exploration, art, stories, music, and play. As we explore the sights and sounds of fall and prepare for Christmas, we'll learn how God made our amazing world and celebrate the greatest gift of all—Jesus! Each week brings a new opportunity to explore, create, wonder, and give thanks for God's amazing creation.

Beginner Architects & Builders

GRADES: SK, 1ST, 2ND, 3RD

COED, \$85

Session Dates: 10/28, 11/4, 11/11, 11/18, 12/2

Coach Kimber Rahm, PE Coach

Beginner Architects and Builders is a woodworking enrichment that will focus on building a functional wooden bird feeder. Designed specifically for first-time builders, this course channels children's natural energy into practical skills like measuring, alignment, and tool safety, resulting in a proud project they can hang in their backyard to watch local wildlife.

Soar & Explore More (STEM)

GRADES: PK, JK, SK, 1ST

COED, \$85

Session Dates: 10/28, 11/4, 11/11, 11/18, 12/2

Mrs. Maria Thomas, EC Music and Soar Studio Teacher

Children will take on exciting weekly challenges while exploring science, technology, engineering, art, and math through fun, hands-on activities. From building and testing to experimenting and problem-solving, little learners will explore how things work while bringing their big ideas to life!

Thursday
