Staff FAQs

What is SafeNJ?	STOPit Solutions is the leading technology company providing a comprehensive software platform that mitigates, deters and controls bullying, cyberbullying, harassment and other harmful or inappropriate conduct. The SafeNJ platform is available to schools, universities, businesses and governments both in the United States and around the world. The SafeNJ mobile app is a simple, fast and powerful tool which empowers individuals to protect themselves and stand up for others online, on social media, in the classroom or in the office. STOPit Admin, a robust incident management system, empowers administrators and management to get in front of issues to mitigate risk and adhere to the ever evolving compliance landscape.
What tools does the SafeNJ platform provide our school?	The SafeNJ platform includes a mobile app and a robust back-end tracking and management system. SafeNJ's mobile app provides users with fast, secure and anonymous reporting – all at the touch of a button. Administrators are equipped with STOPit Admin, a comprehensive, streamlined, cloud-based incident management system that also helps schools mitigate risk and maintain compliance. STOPit Admin is a proactive solution which helps schools save time. It is constantly at work identifying trends, sending alerts, and helping schools take control of incidents before they spiral out of control.
How does the SafeNJ mobile app work?	Once the SafeNJ mobile app is downloaded to the student's phone, it provides them with several powerful features. The Submit a Tip feature can be used to anonymously submit an incident report consisting of an image, video, and/or text to school contacts who can respond to the incident and get help to the student in need. The SafeNJ mobile app also allows for anonymous two-way communication between students and school administrators with SafeNJ Messenger.
What is STOPit Admin	STOPit Admin is SafeNJ's comprehensive, streamlined, cloud-based incident management system. School administrators use STOPit Admin to track and manage incidents submitted via the SafeNJ mobile app. STOPit Admin is a proactive solution which helps schools save time. It is constantly at work identifying trends, sending alerts, and helping schools take control of incidents before they spiral out of control. STOPit Admin is completely customizable for schools. Adminsitrators can set custom alerts, incident tags or other trackable factors, create folders, and can organize their data however is most beneficial. Schools can also assign or escalate incidents, as well as email parents, directlythrough STOPit Admin. STOPit Admin also helps ensure regulatory compliance.
