

## SCP Booster Club Funding Criteria

The Seton Catholic Prep Booster Club funds activities and projects that support the Booster Club's areas of focus.

- **Improved Facilities:** improving athletic areas including fields, gym, weight room, training rooms, locker rooms, classrooms, offices
- **Student Athlete Development:** support programs in the areas of skills development, leadership, service to others, teamwork
- **Scholarships:** financial aid for athletic fees, enabling students to participate in athletics
- **Team Equipment:** equipment that enhances and improves team/player development, safety, competitiveness
- **Public Relations and Promotion of Athletics:** support efforts to enhance the promotion of SCP athletics to the community; increase positive exposure for the SCP athletics; expand participation in athletic programs

Community refers to a team (football), teams (boys/girls basketball, softball/baseball, football/soccer/track, etc.) and parents and boosters of said teams. A community can be a group of teams that benefit mutually from a proposed project (i.e. improvements to a practice field benefit a broad community of beneficiaries).

All funding requests of the Seton Catholic Booster Club shall meet the following criteria.

| Funding Criteria                                                                                  | Less than \$2500 | \$2500 - \$5000 | Greater than \$5000 |
|---------------------------------------------------------------------------------------------------|------------------|-----------------|---------------------|
| Fits into the SCP Booster Club's areas of focus                                                   | x                | x               | x                   |
| Addresses an important need identified by the "community" itself                                  | x                | x               | x                   |
| Has a long-term, sustainable impact on the "community" of beneficiaries                           |                  | x               |                     |
| Has a long-term, sustainable impact on a <u>broad</u> "community" of beneficiaries and the school |                  |                 | x                   |
| Strengthens the community's capacity to meet its own needs                                        |                  | x               | x                   |

**Benefitting (requesting) "team" or "community" must:**

- Complete a funding request form (required for all requests)
- Be actively involved in the project (if plausible)
- Be actively involved and participate in booster club activities on a regular and continuing "manner"
- Provide a broader plan/strategy on how this project, and potentially future projects, strengthens the community in a positive and sustainable manner for the betterment of the SCP community
- Report back to the SCP Booster club, during a regular meeting, on said plan until project is completed

Final funding decisions made at the discretion of the Executive Board.
