Notice Regarding Personal Property On District Premises

Employees, visitors, vendors, contractors, facility users, and other persons are responsible for securing and safeguarding their personal property while on District premises. This includes vehicles, money, electronics, tools, equipment, and other belongings. To the fullest extent permitted by California law, the District is not responsible for personal property that is lost, damaged, or stolen on District premises.

Permission to enter or use District premises, including permission to park or leave equipment, does not by itself constitute the District's acceptance of property for safekeeping or a guarantee against loss, damage, or theft. Any agreement by the District to accept property for safekeeping must be expressly documented in writing by an authorized District representative.

Individuals who believe their lost stolen or damaged personal items is the responsibility of the School District may submit a claim and supporting documentation to:

Central Unified School District
