Financial Aid: It's Not as Scary as You Think!

Seniors started the process of completing the FAFSA last week. Parents and Guardians of those students should have received an email inviting them to complete the parent portion of the application. Under a new law recently enacted by the Pennsylvania General Assembly, beginning with the 2026-27 school year, high school students enrolled in Pennsylvania public and non-public schools must file the Free Application for Federal Student Aid (FAFSA®) with the U.S. Department of Education or submit the Pennsylvania FAFSA Completion Opt-Out Form before completing high school. (24 P.S. § 16-1617)

Please take a moment to complete this as it is part of the graduation requirements for the Class of 2027!

Creeping It Real: Honest Conversations on Mental Health

Representatives from the Suicide Prevention Task Force came in to train our high school students on QPR (Question, Persuade, Refer) – this is an evidence-based suicide prevention training program that teaches individuals how to recognize the warning signs of a mental health crisis and safely connect someone to professional help. The remaining high school students will be trained in QPR on October 28th.
