

Explore What's Possible

Magnet Programs & Schools Without an Attendance Boundary

Throughout the month of October, eighth-grade students will learn about Fulton's high school magnet opportunities.

THIS WEEK: 3DE + VISUAL & PERFORMING ARTS

Real-world challenges. Creative expression.

3DE

Students connect classroom learning to the real world by solving authentic business challenges while building analytical thinking, communication, collaboration, creativity, and problem-solving skills.

Visual & Performing Arts

Students develop creative talents and technical skills through specialized study in music, theatre, dance, and visual arts, supported by real-world projects and experiences.

Meet Fulton's 3DE Magnet Schools

Explore how classroom learning connects to authentic business challenges.

Banneker High School
