* Notes explaining the types of schools:
Elevate Schools and Leadership Academy Network (LAN) schools ARE included in Feeder Pyramids, but are NOT included in the geographic regional leadership structure. Elevate is led on its own "region" alongside the North, Central, and South Regions. LAN is led primarily by Texas Wesleyan University as a TWU + FWISD Partnership.
Gold Seal Schools of Choice and Specialized/Alternative schools are NOT included in Feeder Pyramids, but ARE included in the geographic regional leadership structure. Gold Seal Programs of Choice are located within neighborhood schools. Gold Seal Schools and Programs of Choice admission is determined by a lottery process open to students from around the metropolitan area regardless of their home address, so there are no associated feeder schools.
