

Update on Capital Improvements

October 13, 2026
Board of Education Meeting

Capital Project Update

- The \$114 million capital project, approved overwhelmingly in 2022 with zero additional tax impact.
- We are in the final phases of this transformative work, the progress across our campuses has been remarkable.

Elementary Schools

- **Pre-K Additions:** All four elementary schools officially opened their new 6 classroom additions this year. This allows us to bring Pre-K into each child's home school—a major investment in our youngest learners.
- **South Davis Elementary:** Added a new driveway and expanded parking off Thorn Avenue to ease pickup and drop-off routines.
- **Ellicott Road Elementary:** Looking ahead to next summer, we will be redesigning the main entrance to significantly improve traffic flow.

Middle School

- **40s Wing Renovation:** Classroom spaces originally built in the 1940's received fresh flooring, updated cabinetry, and modern whiteboards.
- **Music Wing:** The renovated space is now fully operational and ready for instruction. Final detailing, including ceiling work and minor cosmetic touches, will continue during second shift this fall.
- **Infrastructure:** Upgrades to the heating system were successfully completed over the summer.

High School

- **Gymnasium Overhaul:**
 - Brand-new flooring, fresh paint, updated hoops, and new scoreboards.
 - Permanent bleachers arrive in January, and we will utilize temporary seating so athletic competitions can proceed without delay.
- **First-Floor Restrooms:** The restrooms near the cafeteria received a complete modern update.
- **Roofing & Future Projects:** Summer roof replacements are complete for the season, with remaining sections scheduled for next summer. Next summer will also bring a full remodel of the OPHS music wing and comprehensive updates to the hallways.
- **Scoreboard Replacement**

Other Projects

Town of Orchard Park Sidewalk (Grant) Project:

- The Town of Orchard Park is currently working on ROW (Right of Way Agreements) that they hope to have settled by the end of the calendar year.
- Their construction timeline is being stated as the 2027 construction season - meaning spring through fall of 2027
- Sidewalks for our schools in this project
 - **High School**
 - Freeman Road from 20A to High School
 - Path from Freeman to the High School Science end
 - Baker Road from 20A to the High School
 - **Eggert**
 - Orchard Park Road across the front of Eggert Elementary
 - **Windom**
 - Abbott down Sheldon (to possible Lynn Drive)
 - Windom Elementary to West Abbott Grove for emergency evacuation route to the church
