JANE EDWARDS ELEMENTARY SCHOOL
Stakeholder Letter Regarding the 2026 South Carolina School Report Card

October 14, 2026

Dear Jane Edwards Elementary School Families and Community Stakeholders,

Recently, the South Carolina School Report Cards were released. I want to take this opportunity to share some important information regarding Jane Edwards Elementary School's report card designation and our students' academic progress.

This year, Jane Edwards Elementary received a designation of **"Not Rated"** because 18 students were tested. The state requires a minimum of 20 students for a school to receive a rating. Therefore, this designation reflects the number of students tested and does not represent a rating of our school's academic performance.

Although our report card will not include an overall rating, we are proud of the tremendous growth our students demonstrated in both reading and mathematics during the 2025–2026 school year. Our assessment results reflect the dedication of our students, the commitment of our teachers and staff, and the intentional work taking place in our classrooms every day.

In reading, our proficiency rate increased from 59.4% in 2025 to 66.7% in 2026. In mathematics, our proficiency rate increased from 34.4% to 77.8% during the same period. These results represent meaningful progress and reinforce our commitment to providing high-quality instruction and ensuring that every student has the opportunity to succeed.

We recognize that there is still work to be done, and we remain focused on building upon this progress. We will continue to use student data to strengthen instruction, address individual learning needs, and provide opportunities for continued academic growth.

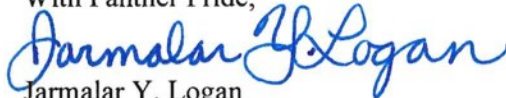

We are grateful for the continued support of our families and community partners. The progress we celebrate is the result of a shared commitment to our students and their success.

While our school report card may say "Not Rated," our students' growth tells a much bigger story. We are proud of how far our students have come, and we remain committed to helping them reach even greater heights.

At Jane Edwards Elementary, our mission remains clear: **Students First! Growing with Purpose.**

Thank you for your continued support of Jane Edwards Elementary School. Together, we will continue to celebrate our progress, embrace opportunities for improvement, and put students first in all that we do.

With Panther Pride,

 Jarmalar Y. Logan
