SESSION 1

Foundations, Philosophy & Data Safety

HIGHLIGHTS

Syosset's Approach to Teaching & Learning with AI:

Learn how Syosset thoughtfully uses instructional technology and artificial intelligence in developmentally appropriate ways to enhance teaching, learning, and student success.

The "Educator-in-the-Loop" Philosophy:

Syosset's core commitment that AI serves to enhance human connection, supporting teachers as an instructional resource while strictly preserving teacher-student relationships.

Data Privacy Protections:

Review Board Policy and district compliance with NYS Education Law 2-d and FERPA.
