

VIKING FOOTBALL

October 16th | vs New Haven | 7 pm

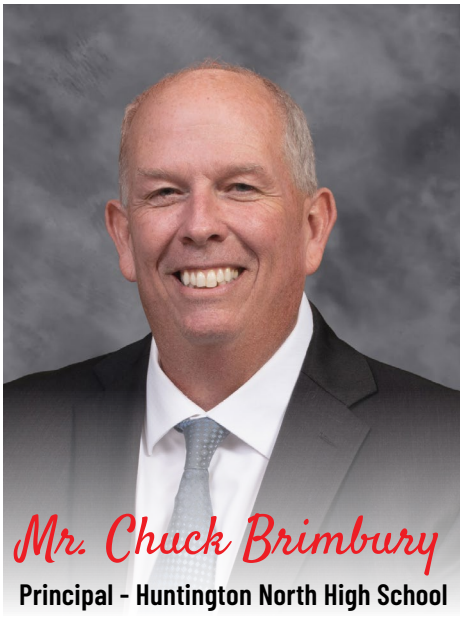

Welcome to Huntington North High School, home of the Vikings!
There is a tremendous sense of pride throughout our school, reflected in our academic pursuits, athletic competition, and the many extracurricular and co-curricular opportunities available to our students. Your decision to support our student-athletes and teams by attending this event is sincerely appreciated and enriches their experience. We hope you enjoy the best that high school athletics has to offer, including a strong spirit of competition and sportsmanship.

Athletic competition teaches lessons that extend far beyond the court, field, track, or course. Through these experiences, students develop skills and character traits that will serve them throughout their lives. They learn the value of commitment, perseverance, teamwork, discipline, and striving for excellence—lessons that help prepare them to become our future leaders.

Thank you for supporting our student-athletes, encouraging their efforts, and recognizing the many hours of hard work that have preceded today's competition.

We are glad you have chosen to attend an event at Huntington North High School. We hope you enjoy your experience and look forward to welcoming you back again in the near future.

Go Vikings!

On behalf of myself and all of HCCS, we welcome you to Huntington North High School to enjoy this athletic event. We are proud to support over 20 sports programs for boys and girls ot Huntington North. Each of these programs plays a crucial role in developing the young men and women participating by teaching them to conduct themselves with high character, integrity, honesty, excellence, perseverance, dignity, and pride for not only themselves, but also their team, school, community, and opponents.

HCCS and Huntington North administration, staff, and coaches are committed to providing an environment for student-athletes that allows them to achieve their goals academically and athletically, both on and off the field of play.

As the Huntington North athletic department strives to provide a first class experience for everyone involved with the athletic event, good sportsmanship — from players, coaches, and fans alike — is of the utmost importance and is a longstanding tradition ot Huntington North. We appreciate your cooperation in creating an atmosphere of good sportsmanship and encouragement before, during, and after the contest.

Thank you for attending the event and being an integral part of Huntington North and Viking athletics.
Let's Go Vikes!!

HNHS MISSION STATEMENT

Huntington North High School provides a safe and positive learning environment that enables every student to become a productive citizen in a global community through instruction and guidance in the areas of critical thinking, problem solving, cultural awareness, creativity, physical wellness, and technological proficiency.

Every Student. Every Day.

SCHOOL SONG

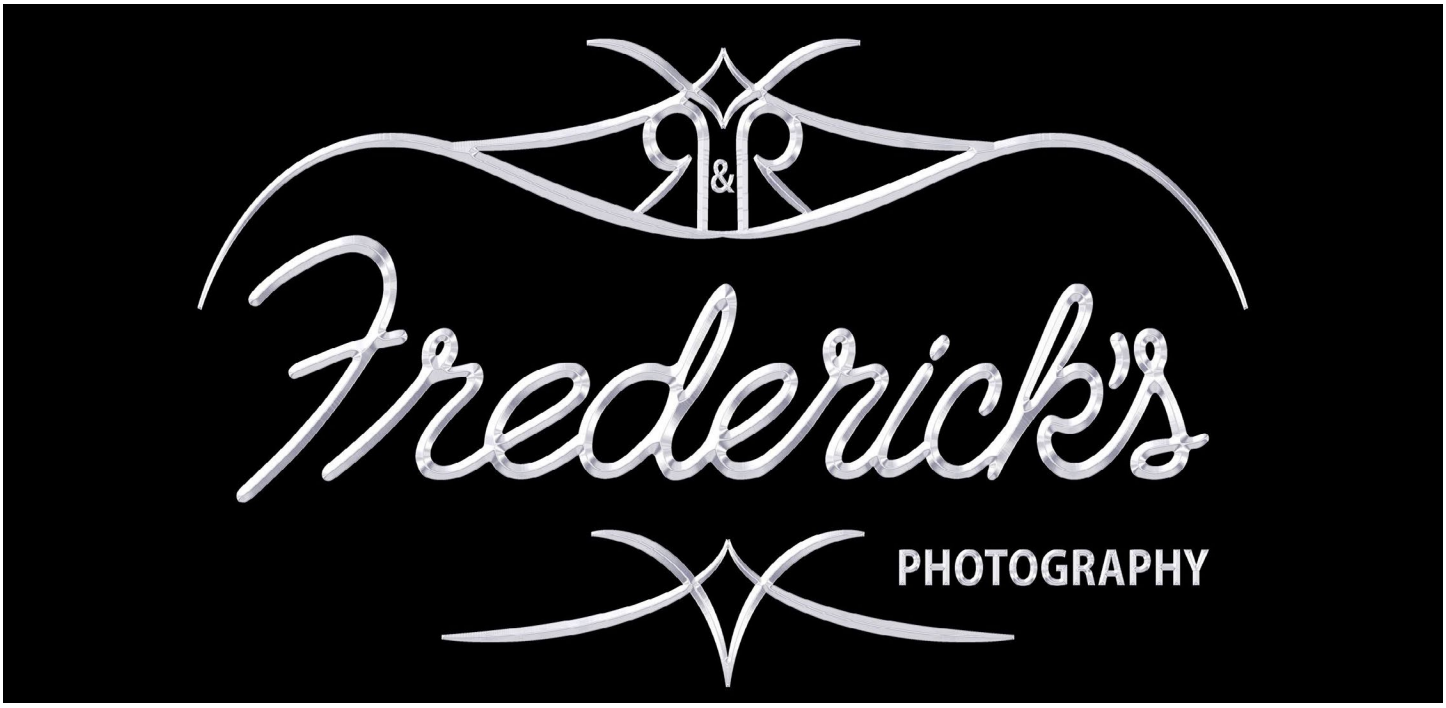

Verse 1
Go mighty Vikings
Raise our victory cry
With our spirits climbing
and our banners flying high
RED BLACK WHITE
Go, go you Vikings
Courage is our bond
Spread far the fame of our fair name

Go you Vikings win this game

Chorus
Sail on, sail on to victory
Win this game for HNHS
Sail on, sail on to victory
Win this game for HNHS

Repeat Verse 1 only

Thank you to Frederick's Photography for supplying the team pictures!

HISTORY of HUNTINGTON NORTH

In 1873, there were 112 schoolhouses in Huntington County. Complete consolidation of these schools into township schools was completed in 1927. Huntington County Schools were reorganized in 1964 on a countywide basis and consolidated into one high school in 1966.

In 1966-67, the high school year began with a split campus comprised of the old Huntington Township High School building, located on the south edge of town, and the existing Huntington High School building, located in the center of town. In October 1969, high school students began occupying the not-yet-complete, soon-to-be-named Huntington North High School building located at 450 MacGahan Street on the north side of town. The current building was dedicated in 1971 as Huntington North High School, with its school colors as red, black, and white, and the school mascot as the Viking. The structure spanned five acres and housed tenth, eleventh, and twelfth grade students.

A gymnasium, which seats 5,500, and an auditorium seating 950 people were added in 1975. Ninth grade students entered the building in 1982. Four classrooms, two science labs/classrooms, and a teachers' workroom were added to the west side of the building in 1986. A physical fitness complex was added in 2003. It includes a weight training facility, two classrooms, two storage rooms, a five-lane 185-meter track, and four fitness areas each the size of a basketball court. This fitness complex added approximately 60,000 square feet to the north end of the building. Huntington North High School now has approximately 9 acres under roof.

The certified staff at HNHS includes one principal, two associate principals, two assistant principals, one career and technical education director, one athletic director, a part-time assistant athletic director, five guidance counselors, one media specialist, and 95 teachers. The support staff consists of 7 administrative assistants, 12 special services paraprofessionals, 1 treasurer, 26 food service personnel, and 12 custodians. The instructional program consists of well over 200 courses throughout 14 departments. Students may choose from 13 Advanced Placement courses and/or may participate in extensive career & technical education programming. The school also added a Junior ROTC program in partnership with the US Army in 2019. The school was on a Block Four schedule from the 1996-97 school year through the 2004-05 school year. It moved to a seven-period day in the 2005-06 school year. The student/teacher ratio is 15 to 1. The enrollment at Huntington North for the 2026-2027 school year is just under 1,500.

HNHS is currently aligning with HCCS Vision, Mission, and objectives. The individual school vision statement reads, "Where Vikings Find their True North." HNHS also provides extensive opportunities to prepare students for the 3 Es (employment, enlistment, enrollment) that they will embark on after graduation.

Located directly across the street from Huntington North High School, the Huntington County Community Learning Center (LC) serves as a one-stop destination for individuals seeking to acquire or enhance their skills through education, training, and workforce development opportunities.

Originally a car dealership, the property was purchased by the school corporation in 1991 and transformed into the Vocational Technical Center. Automotive and Precision Machining programs for high school students were established soon thereafter. In 2009, a Certified Nurse Aide program was added, followed by an Emergency Medical Technician program in 2012.

In 2011, community leaders identified the need for a centralized location dedicated to workforce development and training. Following four years of community fundraising, a $1.4 million, 7,552-square-foot expansion was added to the facility. The Huntington County Community Learning Center officially opened in 2016, bringing together high school career and technical education programs and office space for WorkOne Northeast, Ivy Tech Community College, Impact Institute, Huntington University, and the Huntington County Robotics Team.

The LC continued to expand its educational offerings, adding Criminal Justice and Welding programs in 2018. As enrollment and community demand increased, Huntington County Community Schools undertook another major expansion in 2022, nearly doubling the size of the facility. In 2023, Construction Trades was added, and in 2024, a Fire & Rescue program joined the facility.

Today, the LC encompasses nearly 50,000 square feet of industrial, classroom, and office space, providing students and community members with expanded access to career preparation, workforce training, and lifelong learning opportunities.

Huntington County Community Schools continues to invest into the future, and we are forever thankful for the community of Huntington, and beyond for the continued support.
