BW's BBQ/
BBQ Golf 4 A Cause

$500 Culinary Scholarship

As three members of the West Seneca West Alumni, we are looking to give back to one culinary student from either West Seneca West or West Seneca East. When we took over ownership of BW's BBQ in 2021, we had many challenges ahead of us. The restaurant had an established reputation for quality of product, quality of service and a strong presence in the community. It was up to us to continue the growth of the business while maintaining that connection to the community.

In 2023, we started our non-profit side of the business, BBQ Golf 4 A Cause. In our three years of operation we have worked with various charities, both on a local and national level, with the hope of making a positive impact. Each year we hold two events, a golf tournament in July to benefit CJD research and a Toy Drive which helps the Salvation Army of Buffalo's Emergency Food Bank and the families they assist during the holidays.

We are looking to offer this $500.00 scholarship to a graduating student with the drive to achieve the goals of being successful in both the culinary field and their community.

Seniors who are interested in applying for this opportunity must complete a 500-750 word essay, which should include the following:

What made you want to pursue a degree in Culinary Arts?
What is the best dish you have ever had and why?
If given the opportunity, what local charity or non-profit would you support and why?

Send your response to:
BW's BBQ
