Summer 2026 Implementation Progress
Cool Roof Applications

Objective: Utilize white reflective roof coatings to lower building heat gain and reduce surface temperatures, effectively decreasing heat transfer into classrooms, enhancing thermal comfort, and extending the lifespan of the roof.

Project Status:

- **Completed (6 sites):**
  a. Contracted out: Markham, Lincoln, Lockwood STEAM, Reach Academy
  b. OUSD Buildings and Grounds: Fruitvale, Lockwood STEAM and Redwood Heights
- **In Progress (2 sites):** Hillcrest and Highland
