SCHOOL CONTEXT

TOHS is a community where students pursue academic challenge while contributing to a lively culture of the arts, athletics, leadership, and service. From independent research and student-run businesses to performances and student publications, Lancers have opportunities to develop their interests and share their work beyond the classroom. Award-winning music and dance programs are part of a broader arts community that supports creative expression and school pride.

TOHS follows a block schedule. Grades 9-11 take six classes; eligible seniors commonly take five, while some take six or seven. Rigorous schedules may include 3-5 Honors/AP courses, sometimes alongside college dual enrollment. Seventh-period athletics earns credit but is not necessarily an academic course.
