

The Mission of the Green Bay Area Public School District is to educate all students to be college, career and community ready, inspired to succeed in our diverse world.

[Green Bay Area Public School District’s Strategic Plan.](#)

School Mission: The mission of John Dewey Academy of Learning is to provide students with a rigorous project-based curriculum and a safe, caring community in which to learn. By developing the whole person-- academically, personally, and professionally--JDAL will assist students in reaching their full potential.

School Vision: Create a supportive learning environment where all students are welcomed and celebrated for the unique strengths they bring with them. Where students are consistently challenged to be their best selves and encouraged to be contributing leaders and members in their communities. A place where students embrace their greatness and learn how to share it with the world.

School-wide Goals & Action Steps

Academic Excellence

- Goals**
 - By Spring 2027, 80% of students will demonstrate grade-level literacy and numeracy through interdisciplinary project artifacts, including research process from notetaking to final artifact, literary thinking, mathematical reasoning and data analysis in at least one cross-curricular project as measured by project rubrics, self assessments and/or reflection tools, and supported by an 8% increase in state/local assessments.
- Action Steps**
 - We will strengthen instructional consistency and academic support by delivering MLSS professional learning, refreshing AVID strategies, implementing the MS Math Big Idea Framework, and aligning coadvisor assessments with rubrics to ensure clarity and meaningful feedback.
 - We will enhance engagement, assessment, and project-based learning by implementing Nearpod, reintroducing and consistently using project checklists, reinforcing academic habits through AVID, 15-day challenges, guiding project completion with student checklists, and embedding statistics instruction into projects.
 - We will use data to drive targeted academic and engagement support by administering academic inventories, conducting Hope and Panorama surveys, forming survey-based student groups, and using weekly data shareouts to support collaborative inquiry and instructional improvement.

Thriving Student Body

- Goals**
 - By Spring 2027, students will show a 10 percentage point increase in favorable Panorama responses related to Self-Efficacy from a baseline of 27%, and at least 80% will reflect growth in attendance, self-direction, peer collaboration, and problem-solving through project self-assessments and reflection tools.
- Action Steps**
 - Attendance and behavior agreements will be established and shared with students and guardians to set clear expectations for success.
 - Workshop topics will be selected each trimester based on project checklist needs and learning targets to support student growth and well being.
 - Weekly 1:1 meetings will be held to provide individualized support, coaching, and accountability for students.
 - Attendance follow-up meetings will occur regularly to reinforce attendance agreements and address barriers.
 - Attendance tracking will be conducted consistently to monitor patterns and intervene early.
 - Weekly celebrations will be shared to recognize student progress, reinforce positive culture, and build momentum.

Family Engagement

- Goals**
 - By Spring 2027, 100% of families will engage in at least one school-wide opportunity per Learning Journey (trimester), demonstrating strengthened school-family partnership and visibility into student learning.
- Action Steps**
 - Dragon Alliance recruitment will be conducted to expand parent and guardian involvement in school activities and leadership opportunities.
 - Positive parent communication will be prioritized through regular emails that highlight student successes and strengthen relationships with families.
 - Participation in Student Led Conferences to strengthen the communication with students and families.
