SCHOOL & COMMUNITY

Antelope High School is a public comprehensive school located in the community of Antelope, California. Antelope is primarily a suburban middle class community. Antelope High school serves grades 9-12 and is fully accredited by the Western Association of Schools and Colleges (WASC) with the most recent WASC approval occurring in 2024. Antelope High School operates on a four-by-four block schedule, with the school year split into two 18-week terms. Students are enrolled in four classes each term, which is equivalent to two traditional semesters. Therefore, each semester-long course at Antelope High School is equal to a yearlong course in a traditional high school.

MARKING SYSTEM

Letter grades of A, B, C, D, and F are used. Cumulative GPA is computed using a 4.0+ scale and includes all work completed in grades 9 - 12. The transcript includes both weighted and unweighted GPA as well as an Academic GPA, which excludes freshman grades, as well as all P.E. grades. AP, IB, Honors, and some community college classes that are board-approved and transferable to the University of California are weighted. If a course is repeated, the higher grade is calculated into the GPA.
