

Lower School Art Club

Calling all lower school artists! The Lower School Art Club is a space for students to explore their imagination, try new techniques, and express themselves through art.

During each session, students can see where creativity can lead them! With guidance and a flexible framework, artists can experiment with a variety of materials (like pastels, paint, and more!) as they bring their ideas to life.

The club meets on Wednesdays during morning recess, and each grade will have a turn throughout the year to ensure everyone gets the chance to join in the fun.

Sign-ups will take place during art class time.

**Get ready to create,
explore, and make a
little magic with us in
the Art Club!**
