School Mission: As a unified community, we will lead by example as we acknowledge and celebrate the strengths and diverse backgrounds of each student, while investing in their development of a growth mindset.

Vision: Our vision for Sullivan is **success for every student, every time.** We're committed to fostering an environment of high expectations, where students excel both academically and in their emotional and social growth. Our goal is for each student to achieve 1 to 1.5 years of growth each year. We'll accomplish this by delivering instruction that meets State standards, analyzing student data, and creating personalized plans to ensure every student reaches their growth potential.
