Dear Parents,

Many school districts across the United States include within their boundaries, parcels of land that are owned by the Federal Government or that have been removed from the local tax rolls by the Federal Government. Since 1950, Congress has provided financial assistance to these local school districts through the Impact Aid program. Impact Aid was designed to assist local school districts that have lost property tax revenue due to the presence of tax-exempt Federal property, or that have experienced increased expenditures due to the enrollment of federally connected children. These may be the children of members of the uniformed services, children who live on Indian lands, children who live on federal property or federally subsidized low rent housing, and children whose parents work on federal property.

Elizabeth City-Pasquotank Schools has been involved with this grant for over 20 years and has used these funds to support the overall operating expenses of the district in providing quality education.

We ask that you please take time to fill out the [Impact Aid Survey Form](#) located in Parent Square. This form may also be found on your school's website, the district website and available at each school office and the district office. We ask that the forms are completed by Friday, November 6, 2026. If you have any questions about Impact Aid, you can find more information at <https://www.ed.gov/about/ed-offices/oese/impact-aid-program/impact-aid-program-overview> or feel free to contact Amy Bundy at 335-2981.

Sincerely,

Dr. Keith Parker
Superintendent
