

Title 1 School-Parent Compact

What is a School-Parent Compact?

A School-Parent Compact is an agreement developed collaboratively by families, students, teachers, and school staff. It outlines how we will work together and the responsibilities we share to support every student's academic success.

Developed Jointly

The stakeholders of Cason Lane Academy developed this School-Parent Compact together. Each year, meetings and family events provide opportunities to review the compact, gather feedback, and make changes based on the needs of our students and families.

School Community

At Cason Lane Academy, we value the strong partnership between our school, families, and community. We actively engage parents through school events, celebrations, beautification projects, clean-up days, and other opportunities for involvement. We also welcome community partners to participate in STEAM festivals, in-service days, and family nights. Together, our parents and community partners play a vital role in supporting student success and enriching learning experiences for all students.

Communication about Student Learning

Cason Lane Academy is committed to frequent, meaningful, two-way communication with families about student learning. Families can expect communication through:

- Skyward Family Access updates
- Classroom updates
- Student-led conferences in November and March
- Skylert automated phone calls
- Weekly class folders
- Agenda notes
- ClassDojo
- Updates on the school website and Facebook page
- Communication with teachers through ClassDojo and email

Students will have equal access to a safe, healthy, and supportive learning environment that promotes academic achievement. Cason Lane Academy will work to:

- Maximize instructional time by improving attendance and reducing exclusionary discipline practices
- Ensure that all students have meaningful opportunities to learn and succeed
- Provide engaging, age-appropriate instruction and learning experiences
- Help elementary students explore careers and understand the connection between school and the world of work
- Support the academic, social, and emotional needs of the whole child

Family Engagement Opportunities

- Family Math Nights
 - Provide parents, families, and students with opportunities to practice and apply math skills through fun and engaging games and activities.
- Family Literacy Nights
 - Provide CLA families with enjoyable and interesting texts, along with activities designed to promote a love of reading.
- Family STEAM Nights, School Performances, and Seasonal Family Events
 - Provide CLA families with opportunities to engage with the school community in a relaxed, welcoming, after-school setting.

Students Should:

- Read for at least 20 minutes each night.
- Use recommended websites, such as i-Ready Math, to complete practice assignments and activities for at least 45 minutes each week.
- Complete assignments with my parent(s) or family members and identify math problems and ELA questions I do not understand.
- Use strategies I have learned to check my understanding of texts and math problems.
- Ask questions and seek help when I do not understand something.

Parents and Families Should:

- Support student academic success by establishing a consistent time and place for learning at home.
- Talk with their student about classwork and what they are learning to help ensure understanding.
- Encourage students to use recommended websites and learning resources, such as i-Ready Math, to practice and strengthen math and ELA skills.
- Communicate regularly with teachers about their student's progress and needs.

Parents and families can support student progress by:

- Attending parent-teacher or student-led conferences to learn what their student is being taught in class.
 - Reviewing progress reports each quarter.
 - Communicating with teachers when questions or concerns arise about student learning.
-

Title I Parent Compact

CLA School Goals for Student Achievement:

Through standards-aligned core instruction using high-quality curriculum, instructional materials, and effective technology, Cason Lane Academy will work to improve student achievement and growth in the following areas:

- English Language Arts achievement
- Math achievement and growth
- Reading achievement and growth
- Early literacy in grades K–3
- Science achievement
- Supporting the needs of the whole student to decrease the achievement gap

Murfreesboro City Schools will work to:

- Increase academic achievement and growth in Reading, Language Arts, Science, and Mathematics.
- Address and support the needs of the whole child to decrease the achievement gap.
- Recruit, retain, and develop highly effective and culturally competent educators and employees to maximize student outcomes.
