

Student Reassignment

Approved Receiving Schools

2026-2027 School Year Second Trimester

The School District of Palm Beach County's Student Reassignment process allows parents to apply for schools outside their regular attendance zone based on valid, policy-supportive reasons. This document reflects the approved receiving schools that currently have open capacity for student reassignment. Schools not featured on this list are strictly closed for standard reassignment, and requests for unlisted schools will not be considered unless they meet provisional policy exceptions (such as for a district employee, last grade level consideration, or relocation into the zone). The online application window is open from October 19, 2026 through October 23, 2026. Please submit your request at www.mypbchoiceapp.com.
