Q2 Explorations

Monday

Start the week with possibility.

6 DATES

Nov 2, 9, 16, 30 / Dec 7, 14

Karate A

\$180

Build focus, confidence and respect through martial arts, kicking and board breaking. Cohort A meets Monday and Wednesday.

Chess

\$180

Learn moves and strategies, sharpen critical thinking and practice good sportsmanship. Beginners and experienced players welcome!

Sew Much Fun

Grades 3-5 / \$125

Learn sewing skills and create useful fabric projects. New and returning sewists can build confidence and try something new.

EduGolf A

\$180

Discover golf fundamentals while building coordination, confidence and a love of active play in a small-group setting.

Junior SPORK

Grades K-5 / \$180

Build with LEGO, explore introductory coding and tackle hands-on STEM challenges with fellow young innovators. This program is formerly known as Jr. Engineers.

NOVEMBER 2-DECEMBER 17, 2026

Karate A meets Monday + Wednesday: 11 meetings total.

No classes November 11 or November 23-27. Registration details coming soon.

Q2 Explorations

Tuesday

Make room for something new.

6 DATES

Nov 3, 10, 17 / Dec 1, 8, 15

Karate B

\$180

Build focus, confidence and respect through martial arts, kicking and board breaking. **Cohort B** meets Tuesday and Thursday.

Magic of Watercolors

Grades K-5 / \$125

Blend colors, layer watercolors and add sparkle while creating art inspired by fall and winter.

Crazy Running

\$180

Enjoy running, hurdles and active games while building teamwork, perseverance and a joyful love of movement.

Math Olympics

Grades 3-5 / \$125

Become a math detective! Investigate clues, spot patterns and try different strategies to solve problems and build confidence.

Toy Story Madness

\$125

Build, create and explore! Enjoy hands-on learning activities, building projects, crafts and more each week.

NOVEMBER 2-DECEMBER 17, 2026

Karate B meets Tuesday + Thursday: 12 meetings total.

No classes November 11 or November 23-27

becky.atkinson@pinelakeprep.org

Q2 Explorations

Wednesday

Keep the curiosity going.

5 DATES

Nov 4, 18 / Dec 2, 9, 16

Karate A

\$150

Build focus, confidence and respect through martial arts, kicking and board breaking. Cohort A meets Monday and Wednesday.

EduGolf B

\$150

Discover golf fundamentals while building coordination, confidence and a love of active play in a small-group setting.

NOVEMBER 2-DECEMBER 17, 2026

Wednesday-only prices are prorated for 5 sessions.

No classes November 11 or November 23-27.

Q2 Explorations

Thursday

Finish the week with discovery.

6 DATES

Nov 5, 12, 19 / Dec 3, 10, 17

Karate B

\$180

Build focus, confidence and respect through martial arts, kicking and board breaking. **Cohort B** meets Tuesday and Thursday.

PLP FC

\$125

Learn soccer skills, including dribbling and passing, while building teamwork, friendships and sportsmanship. Beginners welcome!

Holiday Crafting

Grades 2-5 / \$125

Create high-quality crafts inspired by fall, winter and the holidays. Each hands-on project becomes a special gift or treasured keepsake.

Beyond the Book

Grades 3-5 / \$125

Explore **The Sasquatch Escape** through creative activities, themed snacks, games and hands-on challenges. No reading homework or worksheets.

Bootcamp

\$125

Join Coach Errickson for fitness drills, obstacle courses and team challenges that build strength, confidence and teamwork.

NOVEMBER 2-DECEMBER 17, 2026

Karate B meets Tuesday + Thursday: 12 meetings total.

No classes November 11 or November 23-27.

Session 2 Explorations Catalog

NOVEMBER 2-DECEMBER 17, 2026 | A closer look at our programs

Find the activities that spark your child's interest. This catalog gives families a closer look at what students will create, practice, and explore. Use it alongside the Session 2 calendar and digital brochure for meeting dates, pricing, and registration updates.

Monday

Karate A

Grades K-5 | Monday and Wednesday | 11 meetings

Students practice martial arts while building focus and confidence. Physical training is paired with lessons in discipline, respect, self-esteem, and honesty.

What students will work on

Practice martial arts movements and kicking skills.

Participate in board-breaking activities.

Work on focus and self-discipline while practicing respect for others.

Karate A is one cohort that meets twice each week. Karate B meets Tuesday and Thursday for 12 meetings.

Chess

Grades K-5 | Monday | Beginners and experienced players welcome

Students learn how to think ahead, consider choices, and enjoy a friendly challenge. Lessons offer new players a foundation while giving experienced players opportunities to develop more advanced strategies.

What students will work on

Learn piece movements, checkmate, and special moves such as castling and en passant.

Explore tactics such as pins and double attacks as skills develop.

Practice concentration, weigh possible moves, and handle winning and losing with good sportsmanship.

Sew Much Fun

Grades 3-5 | Monday

Students turn fabric into projects they can use and enjoy. New sewists learn the basics, while returning students strengthen their skills and try more advanced techniques and new projects.

What students will work on

Learn to safely measure, cut, pin, and sew using fabric, batting, sewing tools, and machines.

Explore projects such as pouches, book sleeves, keychains, pillows, and bags.

Experiment with design choices and make each project their own.

Projects give students practice following a process and the satisfaction of making something themselves.

EduGolf A

Grades K-5 | Monday | Small-group instruction

EduGolf introduces children to golf through active learning in a supportive setting on campus. Students practice fundamentals while developing coordination and confidence.

What students will work on

Learn and practice golf fundamentals with guided instruction.
Build coordination through golf activities and active play.
Develop confidence as they learn and practice a new sport.

A separate EduGolf B group meets on Wednesdays.

Junior SPORK

Grades K-5 | Monday | Formerly Junior Engineers

Young engineers use LEGO learning kits, creative building, and introductory programming to turn ideas into working creations. Challenges invite students to experiment and solve problems together.

What students will work on

Design and construct creations using LEGO engineering kits.

Explore introductory programming and use technology to bring creations to life.

Tackle engineering challenges while practicing communication, collaboration, and leadership.

Students build confidence by trying ideas, learning from mistakes, and working through challenges.

Tuesday

Karate B meets Tuesday and Thursday for 12 meetings. See Monday's Karate entry for the activities and skills students will practice.

Magic of Watercolors

Grades K-5 | Tuesday

Students explore watercolor painting through artwork inspired by fall and winter. They experiment with color and techniques while developing their own artistic expression.

What students will work on

Blend colors to create new hues.

Layer watercolor washes to add depth to artwork.

Use glitter accents to add sparkle to seasonal paintings.

Crazy Running

Grades K-5 | Tuesday

Running becomes a joyful way to build confidence, perseverance, and teamwork. Students participate in energetic activities in a supportive environment that encourages personal growth.

What students will work on

Practice sprinting, bounding, and plyometric hurdle activities.

Participate in running activities and active games with peers.

Work on goal-setting and perseverance while exploring race preparation.

Math Olympics

Grades 3-5 | Tuesday

Students become math detectives, using familiar math skills to investigate unfamiliar problems. The focus is on curiosity, persistence, and the satisfaction of figuring something out.

What students will work on

Investigate clues, spot patterns, and solve challenging problems.

Use pictures or models and try different strategies when an answer is not obvious.

Revise ideas and explain their thinking as they build mathematical confidence.

Students do not need to be advanced in math to join.

Toy Story Madness

Each week brings hands-on learning through building and creative activities.

What students will work on

Work on building projects.

Create crafts and participate in hands-on learning activities.

Wednesday

Wednesday-only Explorations meet five times: November 4 and 18; December 2, 9, and 16. Karate A also meets on Mondays; see its full description under Monday.

Bootcamp

Grades K-5 | Wednesday | Coach Errickson

Students get moving in a military-style fitness program with Coach Errickson. Drills, obstacle courses, and team challenges help children develop strength, endurance, confidence, and teamwork.

What students will work on

Practice push-ups, sit-ups, and strength challenges.

Work on agility and movement skills through drills, obstacle courses, and running challenges.

Participate in team missions and relay races that encourage leadership and perseverance.

EduGolf B

Grades K-5 | Wednesday | Small-group instruction | 5 meetings

This Wednesday group introduces students to golf in a supportive setting on campus. Guided practice helps children develop coordination and confidence through active play.

What students will work on

Learn and practice golf fundamentals.

Develop coordination through guided golf activities.

Build confidence while practicing a new sport.

EduGolf A is the Monday option. Choose the group that fits your child's schedule.

Thursday

Karate B also meets on Tuesdays. See Monday's Karate entry for its activities and skills; the Tuesday/Thursday cohort has 12 meetings.

PLP FC

Grades K-5 | Thursday | Beginners welcome

Students learn soccer in a welcoming environment where everyone has opportunities to participate and improve. Practices and activities combine athletic skills with teamwork and positive social experiences.

What students will work on

Practice dribbling and passing through structured soccer activities.

Work with teammates toward shared goals.

Practice sportsmanship, respect, and perseverance while staying active.

Students can join with no prior soccer experience.

Holiday Crafting

Grades 2-5 | Thursday

Students create holiday-themed crafts inspired by fall, winter, and the holidays. This hands-on Cricut crafting experience focuses on projects children can be proud to give as gifts or keep as special keepsakes.

What students will work on

Complete seasonal crafting projects each week.

Use their creativity to make high-quality holiday crafts.

Create finished pieces to give to someone special or treasure themselves.

Beyond the Book

Grades 3-5 | Thursday | Featured book *The Sasquatch Escape*

Students take reading beyond the page with a funny adventure full of mystery and strange discoveries. The group reads and explores together, using the story as a starting point for creative activities.

What students will work on

Read and explore *The Sasquatch Escape* together.

Participate in story-inspired games and hands-on challenges.

Enjoy creative activities and themed snacks connected to the book.

There is no reading homework and no worksheets.
