Parental Involvement Policy

The administration, staff and parents of Southwest Elementary believe that the improved academic achievement of each student is a responsibility shared by the entire community, including the school district, school, community members, school administration, staff, students and parents (including guardians and all members of a student's family involved in his/her education). We are committed to meeting the needs of all our students. To accomplish this, we must all work together.

Parent involvement in the school will include opportunities for:

- parents to volunteer and be involved in school activities
- effective communication between the school and parents
- parents to participate in school decision-making: school improvement team and PTO
- parent education and resources for parents to provide home support for their student's education
