1. What is the LCAP (Local Control and Accountability Plan)

The LCAP is a three-year plan that describes the goals, actions, services, and expenditures to support positive student outcomes that address state and local priorities. The LCAP provides an opportunity for LEAs (county office of education [COE], school districts and charter schools) to share their stories of how, what, and why programs and services are selected to meet their local needs.

2. What does the LCAP do?

The LCAP provides supplemental dollars to support unduplicated students across the district and close the achievement gap. In addition students in subgroups that are struggling can be provided support to help them increase their academic achievement.

- *Unduplicated students = English Learners, Socioeconomic Disadvantaged, Foster/Homeless. Schools that have greater than 40% of the total population in these groups qualify to be Title 1 and receive extra funding. These schools receive Title 1 funds and greater amounts of Supplemental dollars (LCAP) to support learning.*
- *Students with Disabilities (Lowest Performing Subgroup)*
- *Long Term English Learners (LTEL's)*

WPUUSD's LCAP establishes annual goals to address the eight (8) state specified priority areas:

1. *student achievement*
2. *student engagement*
3. *parental involvement*
4. *basic services*
5. *school climate*
6. *implementation of Common Core*

7. *course access*
8. *other student outcomes*

These state priorities are intended to encompass the key ingredients of high-quality educational programs.

3. Spending

Spending can be general or specific to support student learning. For example we provide PLC training that supports all students learning (general). At the Title 1 schools we provide additional aides (From LCAP) to support small group instruction for students (Specific or targeted)

4. Current LCAP Budget - Handout

5. Parent and Family Engagement Policy - [Parent Engagement Link](#)

6. WPUSD's PAC is to give guidance on the spending of LCAP dollars in order to close the achievement gap for our struggling students. We will go over data and collect input from parents on ways we can increase student outcome and parent engagement. This year is a new LCAP, so we will look at all parts and we plan for student outcomes over the next three years.

7. Title IV Consultation
