	Homework	Students should check Google Classroom daily for assignments, due dates, resources, and important updates. When homework is assigned, I will also send home a daily homework blurb/reminder to families with what students should complete or review that evening. As a general rule, students should: • Check Google Classroom each afternoon. • Complete any assigned reading, writing, studying, or unfinished classwork. • Bring required materials back to class the following day. • Ask questions before an assignment is due if they are confused. • Keep up with longer-term projects and reading assignments rather than waiting until the last minute.
