

## Kindergarten

October 19-23, 2026

This is a tentative schedule of what is being covered in kindergarten this week. Please talk with your child about their daily learning/activities after school.

| Subject          | Monday                                       | Tuesday                                                                                    | Wednesday                                                                                                                        | Thursday                                                                     | Friday                                      |
