IV. Discussion

Takeuchi shared District English Learner Advisory Committee (DELAC) update from December 3, 2025 and reminded attendees to take LCAP Survey. Discussion to possibly offer PBIS points to students grades 3-6 to complete LCAP survey.

Holman shared about the decrease of students enrolled in the district from 4000 to currently just over 3000, and with the prediction of a future decrease, a steady watch on the budget is needed. Decreased enrollment is due to limited housing, family size reduction, and out-of-state relocation. Vessels has kept enrollment up due to acceptance of transfers.

STAR Assessment report from Oct 2025:

School ELA 86.2% proficiency – Grades 3-6 ELA 77.6% proficiency

School Math 85.4% proficiency – Grades 3-6 Math 70.3% proficiency

Holman stated Vessels works to improve English Language Arts (ELA) by working in small groups, preparing assignments to help meet next grade writing expectations, and Tosh added he emphasizes writing assignments that students can relate to. Providing relatable topics hopefully strengthens student interest/comprehension and improves overall STAR/CAASPP scores. CAASPP is in April 2026 and next STAR Assessment is May 11, 2026. Vessels is #3 in the district for test scores. (Landell #1 and Morris #2)

Attendance has improved 1% since last year and is now 96.7%, which is close to pre-Covid attendance levels.

The 2025-2026 school budget is \$45,013.00 and with PTA supplementation, funds will meet expectations. The PTA will continue to backfill shortages.

V. Summary

Pham adjourned the meeting at 3:45 p.m. Next meeting set for Tuesday, February 10, 2026 at 3:05 pm. via Zoom.
