School

MSAM

MIDDLE SCHOOL ARTS MAGNET

**Celebrate Creativity and Passion through
Fine and Performing Arts!**

The new MSAM Program provides students with unique opportunities to develop and refine their artistic talents through specialized instruction and enrichment experiences. Students participate in masterclasses, attend live performances, collaborate with local artists, and engage in creative, hands-on learning that fosters artistic growth, creativity, and self-expression. Through these experiences, students build confidence, strengthen their skills, and gain a deeper appreciation for the arts.
