A. Annual Report Review – Annual Writing Committee

Nicole Orr reviewed the Annual Report that will be presented to the Board on June 9, 2026. John Nichols asked whether the Writing Committee reviewed individual expenditures, to which Nicole Orr replied that the auditors perform that review.

John Nichols suggested that the dates covered by the Annual Report align with the dates covered by the Audit Report. Tammy White recommended that the Statement of Compliance in the Annual Report be revised.

Ken Morse asked for clarification regarding whether the committee wished to change the reporting dates in future Annual Reports to align with the Audit Report. John Nichols stated that, with revisions to the Statement of Compliance, he was satisfied with the current reporting dates and preferred to keep them as they are unless irregularities are identified.

On motion of John Nichols, seconded by Tammy White, the Annual Report was approved as amended, with Kenneth Hunter opposed.

B. Master Plan Implementation – Ken Morse

Ken Morse presented the Master Plan available on the District website. John Nichols asked whether the Master Plan had been approved by the Board, and Ken Morse confirmed that it had.

John Nichols also asked whether the priority projects would be funded solely through Measure D or whether state funding would also be used. Ken Morse replied that he would prefer to use other funding sources with state funding in order to reduce administrative requirements and red tape. Priority projects can be funded by more sources than just Measure D.

Kenneth Hunter asked about the new middle school referenced in Measure D. Jennifer Moore stated that funding for a new middle school was included in the language of the measure in the event a future need arises. Ken Morse replied that a new middle school was not included on the list of priority projects.

Ken Morse stated that he would provide Kenneth Hunter with a paper copy of the Master Plan.
