Authorization  
to Sign for  
Real Property

Dr. Daniel presented the following recommendation concerning the Authorization to Sign for Real Property:

**RECOMMENDATION:** It was recommended that the Director of Facilities be authorized to execute deeds, easements, closing documents, and other instruments necessary to complete real property transactions on behalf of the School Corporation, provided that the underlying transaction has first been approved by the Board of School Trustees and has been undertaken in accordance with IC 20-26-7, IC 36-1-11, and other applicable law. This authorization shall apply to transactions having a value of less than \$150,000, together with title-curative documents and other instruments specifically authorized by applicable law, unless otherwise directed by the Board.

In all other transactions approved by the Board not described above, the Chief Financial Officer is authorized to sign all such documents necessary to complete those transactions instead of the Director of Facilities.

**RELATED INFORMATION:** This authorization is intended to streamline the administrative completion of real property transactions after approval by the Board. Real estate transactions frequently require the execution of deeds, easements, closing documents, title instruments, and other related documents after Board action has occurred. Establishing designated signature authority allows these transactions to be completed efficiently while preserving the Board's authority to review and approve the underlying transaction and ensuring compliance with applicable Indiana law.

Darren Hess, Executive Director of Operations, was available to answer questions.

A motion was made by Jennifer Matthias, seconded by Steve Corona, that the recommendation concerning the Authorization to Sign for Real Property be approved. Roll Call: Ayes, unanimous; nays, none.

Dr. Daniel presented the following recommendation concerning the Emergency Projects 2026:

|                        |                                                  |                 |

|                        |                                                  | <hr/> \$248,748 |

**RELATED INFORMATION:** The 2026 Capital Projects Plan consists of all capital projects that cost \$10,000 or more. New projects over \$10,000, determined after the CPP was approved, are required to follow advertisement and approval requirements of an amended CPP. However, IC 20-40-18-6 allows the Board to determine that an emergency exists and therefore, amends the current CPP without the usual amendment procedures. The 2026 Operations Fund budget includes an appropriation for emergency capital projects.

Pete Smith, Director of Maintenance & Operations, and Heather Krebs, Facilities Director, were available to answer questions.

A motion was made by Julie Hollingsworth, seconded by Antonette Payne, that the recommendation concerning the Emergency Projects 2026 be approved. Roll Call: Ayes, unanimous; nays, none.
