Mission: Each student is highly educated, prepared for leadership and service, and empowered for success as a citizen in a global community.

9/29/26

Dear Marion-Franklin High School Families,

As we continue through the 2026–2027 school year, Marion-Franklin High School is implementing a new student parking registration process for all students who drive and park on school property. Beginning October 31, 2026, all student vehicles must be registered with the school in order to park on school premises.

The annual registration fee is \$20 and must be paid through Local Level.

To complete the student parking registration process, students will need to provide:

- Proof of current vehicle insurance
- A valid Ohio Driver's License
- A completed Student Vehicle Registration Form
- Parent/guardian signature on the registration form
- \$20 annual registration fee paid through Local Level

All students who drive to school must complete the registration process no later than October 31, 2026. Students who do not complete the registration process by the deadline will not be permitted to park on school property and will need to make arrangements to park off school premises, such as on an appropriate side street. Vehicles that continue to be parked on school property without the required registration may be subject to towing at the vehicle owner's expense.

Student parking registration helps us maintain an organized and safe campus environment, properly identify vehicles on school property, and ensure that we can respond appropriately when concerns arise. This process is an important part of helping us maintain a safe environment for all of our students, staff, and families.

Sincerely,

T. Fleming

Principal
