

Preparing today's learners to be tomorrow's leaders

PASADENA
Unified School District

OUR SCHOOLS
PUSD School Guide

October
2026

Welcome to PUSD!

The Pasadena Unified School District (PUSD) is home to students in preschool through 12th grade who live in the communities of Altadena, Pasadena, and Sierra Madre.

PUSD offers high-quality educational choices for all students. We encourage you to visit your neighborhood school and discover the possibilities available close to home. We are also an Open Enrollment district, so families have the option to submit an application to attend any PUSD school.

We invite you to visit our PUSD campuses to see our vibrant academics, exceptional teachers, and supportive school communities that nurture the whole child.

PUSD Graduate Profile

Academics

What opportunities does PUSD offer at all schools?

1

High-quality Instruction

Engaging lessons that build strong academic foundations

2

Belonging

Environments that foster connection and support each child's unique development

3

Collaboration and Creativity

Tools that encourage students to create, collaborate, share their ideas

4

Arts for All

Instrumental music, visual & performing arts, and visits to world-class theaters and museums

5

Wellness

Sports, gardens, social-emotional learning, flexible seating, and a "growth mindset" approach to learning

6

After-School Opportunities

Programs that offer homework help, arts, enrichment, and fun

Signature Programs

What special programs does PUSD offer to develop each student's unique interests and talents?

Elementary School Programs

Pre K–5

In addition to the programs highlighted, all PUSD elementary schools provide a strong academic foundation through instruction in English language arts, mathematics, science, history/social science, visual and performing arts, and other learning experiences. These opportunities support students' academic growth, creativity, curiosity, and development of the skills they need to thrive in middle school and beyond.

Arts

SCHOOL	PROGRAM	DESCRIPTION
Altadena Arts Magnet	Visual and Performing Arts	Create and learn through all five art forms: music, dance, visual arts, theater, and media arts.

AVID College and Career Prep

Madison Elementary	AVID College Readiness	Prepare for college by learning success skills, touring college campuses, and learning alongside college tutors.

International Baccalaureate®

Willard Elementary	International Baccalaureate® Primary Years Programme	Become a curious, compassionate global citizen through inquiry-based learning that connects subjects and big ideas.

Language

SCHOOL	PROGRAM	DESCRIPTION
Altadena Arts Magnet	French Dual Language Immersion	Become bilingual in French while learning through visual arts, music, dance, theater, and creative expression.
Field Elementary	Mandarin Dual Language Immersion	Become fluent in Mandarin and English through an immersive program rich in language and culture.
Longfellow Magnet	Cross-Cultural Awareness with Spanish World Language	Build global awareness through language, culture, arts, and music while developing empathy and global citizenship.
Mary W. Jackson STEAM Multilingual Magnet, Longfellow Magnet and San Rafael Elementary	Spanish Dual Language Immersion	Become bilingual and biliterate through an established 90/10 Spanish immersion program, wherein kindergarten is taught 90% in Spanish and 10% in English. Each year, the amount of instruction in English increases until students are taught 50% in each language.
Washington Elementary STEM Magnet	Spanish World Language	Build Spanish skills through songs, games, culture, and multimedia within an environmental STEM learning community.
Webster Elementary	Armenian and Spanish World Language	Learn to speak, read, and write in Armenian or Spanish while experiencing art, dance, music, and culture.

STEM

Mary W. Jackson STEAM Multilingual Magnet	STEM / STEAM	Design solutions to tomorrow's problems using integrated science, technology, engineering, arts, and mathematics.
Washington Elementary STEM Magnet	Environmental Studies	Explore nature in our greenhouse and gardens, discover environmental connections, and design thoughtful solutions in the Innovation Lab.

Middle School Programs

6–8

In addition to the programs highlighted, all PUSD middle schools offer a range of courses and learning opportunities that help students build the academic foundation for success in high school and prepare for future college and career pathways. These experiences include English language arts, mathematics, science, history/social science, world languages, visual and performing arts, and other electives that support students' academic growth and interests.

Arts

SCHOOL	PROGRAM	DESCRIPTION
Eliot Arts Magnet	Visual and Performing Arts Conservatory	Experience arts throughout the school day, plus expanded after-school opportunities through our Arts Conservatory.
McKinley School	Immersive Storytelling Academy	Craft narratives that center Black experiences and culture using virtual reality, animation, music, and more!

AVID College and Career Prep

Octavia E. Butler Magnet	AVID College Readiness	Prepare for college by learning success skills, touring college campuses, and learning alongside college tutors.

International Baccalaureate®

Blair	International Baccalaureate® Middle Years Programme	Create a more peaceful world through a school-wide focus on intercultural understanding and strong personal values.

Language

SCHOOL	PROGRAM	DESCRIPTION
Blair	Spanish Dual Language Immersion and Armenian Academy	Advance Spanish or Armenian bilingualism from middle through high school within Blair's globally focused International Baccalaureate® learning community.
Eliot Arts Magnet	French Dual Language Immersion	Become bilingual and biliterate in French while immersed in Eliot's schoolwide arts integration and Arts Conservatory program.
Octavia E. Butler Magnet	Spanish Dual Language Immersion	Build Spanish bilingualism through a STEAM-integrated program featuring hands-on learning, innovation, and a dedicated Design Lab.
Sierra Madre Middle	Mandarin Dual Language Immersion	Strengthen Mandarin fluency in a close-knit community with visual and performing arts, service, and enrichment opportunities.

Admission to middle school dual language immersion programs is intended for students continuing from an elementary dual language immersion program or students who demonstrate sufficient proficiency in the language of instruction to participate successfully in classes.

STEM

Octavia E. Butler Magnet	STEM / STEAM	Design solutions to tomorrow's problems using integrated science, technology, engineering, arts, and mathematics.
Octavia E. Butler Magnet and Sierra Madre Middle	Math Academy	Take radically accelerated math courses, including Accelerated Integrated Mathematics in 6th and 7th grades and AP Calculus in 8th grade.

Math Academy admission is based on student performance on 5th-grade mathematics assessments. Because assessment results may not be available before the Open Enrollment application window closes, families interested in Math Academy are encouraged to include Octavia E. Butler Magnet and/or Sierra Madre Middle School on their child's Open Enrollment application. School placement is based on the typical Open Enrollment lottery process.

High School Programs

9–12

In addition to the programs highlighted, all PUSD high schools offer college-preparatory courses across the A–G subject areas, including English, mathematics, history/social science, laboratory science, world languages, visual and performing arts, and college-preparatory electives. The A–G requirements are a sequence of high school courses that students complete to meet the eligibility requirements for admission to the University of California (UC) and California State University (CSU) systems.

Arts

SCHOOL	PROGRAM	DESCRIPTION
John Muir	Arts, Entertainment & Media Academy	Create films, photography, graphic design, and visual art while building portfolios and working with industry professionals.
Pasadena High	Creative Arts, Media & Design Academy	Create original work in fine arts, graphic design, multimedia, screenprinting, sculpture, and digital media in one of two specialized disciplines: Visual Arts and Design or Graphic Communications Arts.
Thurgood Marshall	Academy of Creative Industries	Develop creative talents through dance, drama, music, graphic arts, stage technology, and visual arts experiences.

Business and Law

John Muir	Business & Entrepreneurship or Sports Management	Learn finance, marketing, and entrepreneurship while developing business plans and gaining experience through industry internships.
Pasadena High	Law & Public Service Academy	Study law, criminology, and forensic science while serving as jurors in PHS's unique Teen Courtroom.

Early College

SCHOOL	PROGRAM	DESCRIPTION
John Muir	Dual Enrollment Magnet	Earn successful, significant college credits for free through dual enrollment in Pasadena City College.

International Baccalaureate®

Blair	International Baccalaureate® Programmes	Create a more peaceful world by fostering intercultural understanding, international-mindedness, and strong personal values through the IB Middle Years, Diploma, and Career-related Programmes.

Language

Blair	Spanish Dual Language Immersion and Armenian Academy	Advance Spanish or Armenian bilingualism through language and culture courses offered within Blair's globally focused International Baccalaureate® learning community.
Pasadena High	Mandarin and French Dual Language Immersion	Advance Mandarin or French profiency through a variety of language and culture courses.

STEM

Blair	Health Careers Academy	Study anatomy, biotechnology, and sports medicine while experiencing job shadows and internships.
John Muir	Engineering & Environmental Science Academy	Design with CAD, build robots and solar boats, and tackle engineering and environmental challenges.
Pasadena High	Math Academy	Take radically accelerated math courses, including Multivariable Calculus, Cryptography, and Game Theory. Eligibility is limited to students continuing from PUSD's middle school Math Academy program.
Pasadena High	Dev Tech Academy	Code websites, games, and apps while gaining experience through tech. internships.

Early Childhood Education

Your child's educational journey begins here.

PUSD offers free, full-day transitional kindergarten (TK) at all elementary campuses for students who turn 4 years old by September 1st.

In addition, PUSD offers preschool to children ages three to five years old.

Options include:

- Half-day programs
- Full-day programs
- Mandarin Immersion
- Spanish Immersion
- STEAM Curriculum
- Free or reduced monthly rates for eligible families

Center for Independent Study

K–5 Online Independent Study

Learn online in a flexible and personalized environment. Engage in live, daily lessons and weekly one-on-one teacher meetings for high-quality education, wherever you are!

- Enjoy access to a variety of digital libraries, grade-level resources, and rigorous curricula.
- Participate in optional daily synchronous lessons, small-group instruction, and weekly one-on-one student-teacher conferences in a personalized, collaborative learning environment.
- Experience flexible, personalized learning designed to fit families' unique needs and students' learning goals.*

Contact:

626-396-5800 ext. 78001

300 S. Madre St., Pasadena

pusd.us/CIS

6–12 Independent Study

Learn online or in-person through daily lessons and weekly one-on-one teacher meetings.

- Gain a standards-based education on a flexible schedule.
- Enroll anytime throughout the year.*

* Pending available space. Students with IEPs must first have an amendment conference stipulating that Independent Study is an appropriate learning strategy.

Elementary Schools

Altadena Arts Magnet

743 E. Calaveras St., Altadena
626-396-5650

TK–5

- Altadena Arts Magnet students are taught how to think, not what to think, through a rich, arts-integrated conservatory model. Students receive weekly instruction in all five art disciplines: Dance, Music, Theatre, Visual, and Media Arts. Professional Teaching Artists and a full-time Art Teacher work within the school day.
- As a certified Kindness School, social-emotional learning guides Altadena's approach to classroom engagement.
- A thriving French Dual Language Immersion option promotes bilingual, biliterate, and bicultural skills.

Don Benito Elementary School

3700 Denair St., Pasadena
626-396-5870

TK–5

- Don Benito offers well-rounded learning experiences that foster leadership development, character-building, and academic excellence across all subject areas.
- Staff and families celebrate the school's diverse, close-knit community where everybody belongs and its award-winning excellence as a Gold Ribbon School and CA Distinguished School.
- Enrichment opportunities include arts and outdoor learning.

Field Elementary School

3600 E. Sierra Madre Blvd., Pasadena
626-396-5860

TK–5

- Our school-wide Mandarin Immersion program develops students' proficiency in listening, speaking, reading, and writing in Mandarin (Simplified Chinese) and English.
- Our annually celebrated cultural events, such as Mid-Autumn Moon and Lunar New Year Festivals, further deepen our students' multicultural connection, understanding, and appreciation of world languages and cultures in our global society.
- Field's learning environment includes technology integration, library services, student leadership activities, and more.

Hamilton Elementary School

2089 Rose Villa St., Pasadena
626-396-5730

TK–5

- Hamilton nurtures, inspires, and challenges students to be confident, creative, and successful leaders. Monthly celebrations recognize student leadership.
- Our librarian inspires a love of rich literature and expository text through weekly class visits to our amazing library.
- Hamilton traditions that foster community include character assemblies, SMART night, Cultural Fair, 5th-grade learning demonstrations, Science Fair, field trips, and unforgettable experiences led by visiting CalTech and JPL scientists.

Longfellow Magnet

1065 E. Washington Blvd., Pasadena
626-396-5720

TK–5

- Our Spanish Dual Language Immersion and Spanish Exploratory pathways provide opportunities for all students to develop and deepen their mastery of Spanish.
- As a Cross-Cultural Awareness Magnet, students learn to be global citizens through discovery of different cultures, celebration of diverse perspectives, and development critical thinking skills. Our student-curated museum showcases students' learning.
- All students receive art and music instruction weekly from Pasadena Conservatory of Music and a credentialed art teacher and artist in residence.

Madison Elementary School

515 Ashtabula St., Pasadena*
626-396-5780

TK–5

- As a Community School, we offer Folklórico, Mariachi, academic tutoring, summer enrichment, and family events that celebrate culture and bring our community together.
- Students experience real-world learning through our City/School Collaboration Initiative, community garden, JPL, LA Astronomers Club, Caltech, and hands-on STEAM projects and labs for all students.
- We offer AVID (Advancement Via Individual Determination), a college readiness system that exposes students to college-going culture and age-appropriate success skills beginning in kindergarten.

* Temporary address for 2027-28: 527 Ventura St, Altadena

Mary W. Jackson STEAM Multilingual Magnet

593 W. Woodbury Rd., Altadena
626-396-5700

TK–5

- All students benefit from our STEAM curriculum, our full-time science teacher who runs our hands-on science laboratory, and a full-time music teacher who provides vocal and instrumental classes.
- Our Spanish Dual Language Immersion option promotes biliteracy in a nurturing, diverse school environment.
- Our partnership with the Garden School Foundation provides a trained instructor to implement garden-based life sciences and healthy cooking classes using fresh produce from our garden. activities, and more.

McKinley School

325 S. Oak Knoll Ave., Pasadena
626-396-5630

TK–8

- Our unique TK-8th grade structure enables students, families, and school personnel to establish deep relationships as a school community, providing families with continuity of service for 10 years.
- We provide an arts-focused community with performances throughout the year, a full-time music teacher, visual arts, choir, drumline, and more!
- Our middle school program offers an Immersive Storytelling Academy. Through engaging interactive projects, students learn to craft their own narratives using virtual reality, animation, music, and standards-based curriculum. The academy is open to all, and centers Black experiences and cultures through innovative technology.

Norma Coombs Elementary School

TK–5

2600 Paloma St., Pasadena
626-396-5660

- We cultivate forward-thinking, innovative educators and student leaders.
- Our staff pioneered the successful Readers' and Writers' Workshop model, an instructional model that focuses on students' individual needs and strengths to improve engagement and reading comprehension and to help students become confident and capable writers.
- Our renowned ceramics program and after-school choir are the best in Pasadena.

San Rafael Elementary School

1090 Nithsdale Rd., Pasadena
626-396-5790

TK–5

- Our school-wide Spanish immersion program ensures that all students become biliterate in English and Spanish and develop an appreciation of Hispanic and Latino cultures.
- Our arts focus includes a full-time visual art teacher, music instruction for all students, and a spring musical production.
- A PE teacher provides healthy recreation for students and enables collaborative planning time for teachers.

Sierra Madre Elementary School

TK–5

141 W. Highland Ave., Sierra Madre
626-396-5890

- All students participate in our celebrated visual and performing arts programs.
- Enrichment opportunities include PE, art, gardening, music, and library visits.
- Our campus environment includes a Japanese Zen garden and koi pond as well as the largest public native garden in California, offset by sycamore trees and a view of Mount Wilson.

Washington Elementary STEM Magnet

TK–8

1520 N. Raymond Ave., Pasadena
626-396-5840

- Our students grow and develop as stewards of the Earth who understand how global communities are connected through our dependence on and responsibilities to the natural environment. All students participate in hands-on environmental studies lessons within their classrooms and in each of our specialized spaces, including the STEM lab, technology innovation lab, imagination workshop, and outdoor garden classrooms.
- We offer Spanish language instruction through dance, theatre, and cuisine as students explore more than 20 Spanish-speaking countries.
- Fieldwork in Los Angeles County's natural areas enables students to solve environmental challenges through creativity and design.

Webster Elementary School

TK–5

2101 E. Washington Blvd., Pasadena
626-396-5740

- Students have the option to participate in Webster's Armenian or Spanish World Language Programs to engage in daily learning of language, dance, music, and more!
- Webster is proud to have a diverse student body and staff that promotes cultural awareness and an inclusive environment for all.
- We offer art and music instruction, including general and instrumental music.

Willard Elementary School

301 S. Madre St., Pasadena
626-396-5690

TK–5

- The International Baccalaureate® (IB) Primary Years Programme develops students' academic, social, and emotional well-being with a focus on international-mindedness and strong personal values.
- Our students reflect a variety of cultures, languages, and lifestyles. We embrace the IB values and treat one another with respect, warmth, and a true regard and appreciation for our differences, as well as for all that we share.
- All students take weekly Spanish, Music, and Art classes and engage in project-based learning.

longfellow
MAGNET SCHOOL
CITIZENS of the World

Secondary Schools

Blair High School

1201 Marengo Ave., Pasadena
626-396-5820

6–12

- We offer the International Baccalaureate® (IB) Middle Years Programme for all students in grades 6-10 and the academically rigorous IB Diploma Programme for students in grades 11 and 12.
- The Spanish Dual Language Immersion Program, the International Academy for students new to our country, and the Armenian Immersion Program add to our worldview.
- Our Health Careers Academy offers the International Baccalaureate® Career-related Programme Certificate.

Eliot Arts Magnet

6–8

2184 N. Lake Ave., Altadena*
626-396-5680

- Students select from a 3-year visual or performing arts conservatory pathway or integrated arts pathway to develop their talents as they play and analyze music; develop dance techniques and choreography; perform and produce theatrical shows; and present digital and studio art projects.
- Our artists-in-residence collaborate with students and teachers to bring creativity and innovation into all subjects.
- Students create in our dance studio, visual art studios, and theatre arts spaces.

* Temporary address: 325 S. Oak Knoll Ave., Pasadena

John Muir Early College Magnet

9–12

1905 Lincoln Ave., Pasadena
626-396-5600

- Our Early College partnership with Pasadena City College enables students to earn up to two years of college credits, tuition-free, along with their high school diploma. Courses are offered in an on-campus PCC building during the school day.
- Students also enroll in one of three school-wide College & Career Academies to engage in career exploration and internships with our renowned business partners.
- Our students have an opportunity to explore a wealth of learning options, including college courses, AP courses, and electives due to our 8-course/4-period day block schedule. We also offer numerous performing arts, athletics, and clubs on campus to build community and school spirit.

Octavia E. Butler Magnet

6–8

1505 N. Marengo Ave., Pasadena
626-396-5830

- Octavia E. Butler Magnet is the first school in California to earn the National Certificate for STEM Excellence. Hands-on STEAM and project-based learning are integrated across core classes, with students creating and designing in our Design Lab equipped with 3D printers and tools.
- Students can pursue specialized academic pathways, including our Spanish Dual Language Immersion Program and Math Academy for highly advanced math students.
- Positive relationships are at the heart of the OEB experience. Our AVID college-readiness and exceptional musical theatre programs help students build connections, develop confidence, discover their talents.

Pasadena High School

9–12

2925 E. Sierra Madre Blvd., Pasadena
626-396-5880

- As one of PUSD's comprehensive high schools, we offer a variety of outstanding curricular and extra-curricular programs, Advanced Placement classes, and college-level Math Academy courses.
- Students may opt for one of three College & Career Academies: Dev Tech (Computer Science); Creative Arts, Media, & Design; and Law & Public Service.
- We offer Mandarin, French, and Spanish to students continuing in a dual language program and to students new to world language courses.

Sierra Madre Middle School

6–8

160 N. Cañon Ave., Sierra Madre
626-396-5910

- We provide a comprehensive educational experience including a robust visual and performing arts program.
- Our unique Mandarin Dual Language Immersion Program option gives students an opportunity to further strengthen their listening, speaking, reading, and writing skills in Mandarin and English, and our challenging Math Academy provides a rigorous course of study for students looking to take their math achievement to another level.
- Our SMMS Service Club is the most popular club on campus, promoting volunteer opportunities in and around our city.

Thurgood Marshall Secondary School

990 N. Allen Ave., Pasadena
626-396-5810

6–12

- Our 6th–12th grade academic model seamlessly bridges middle to high school.
- Robust arts programming includes beginning, intermediate, and advanced offerings in art, band, choir, dance, drama, orchestra, and the Academy for Creative Industries, with concentrations in graphic design and dance production.
- Marshall's Signature AP Program offers 23 AP courses, including AP African American Studies, AP Computer Science, AP Music Theory, AP Pre-Calculus, and the AP Capstone Diploma Program, which encompasses AP Seminar & AP Research.

Enroll in PUSD

1

Search

Visit your neighborhood school and other schools that interest your family.
pusd.us/FindMySchool and pusd.us/Tours

2

Apply

Select your neighborhood school, or complete an online Open Enrollment application to select other schools you prefer. Open Enrollment lottery applications are required to apply for:

- Schools other than your neighborhood school
- Dual Language Immersion Programs
- Transitional Kindergarten Programs

pusd.us/Enroll

3

Register

Submit registration information for your neighborhood school or your offered lottery school.
You will need a copy of:

- Child's birth certificate
- Child's most recent immunization record
- Proof of address
  - Recent gas, water, or electric bill
  - Deed of trust, mortgage receipt, rent receipt with lease agreement, or property tax bill
- Transcripts or report card (New-to-PUSD students)

Common Questions

1. At what age may my child enroll in TK or Kindergarten?

Transitional Kindergarten students must turn 4 and Kindergarten students must turn 5 by September 1 of the entering school year.

2. What is my neighborhood school?

Visit **pusd.us/FindMySchool** to determine your child's neighborhood school, an assigned school based on a student's home address.

Students have priority to attend their neighborhood school. A number of seats are reserved for neighborhood students. Students who live within this area may be more likely to be accepted, but they are not guaranteed placement in these schools or programs.

3. Do I need to participate in Open Enrollment?

Open Enrollment is required for students who wish to: a) attend a Transitional Kindergarten program, b) enroll in a Dual Language Immersion Program, c) request a school other than their neighborhood school, d) transfer, including transfers to neighborhood schools.

4. What if I miss the Open Enrollment dates?

Continuing PUSD students may submit late applications until two weeks before school starts. New-to-PUSD families may apply at any time. Any school offers will be based on availability in the requested program and grade level.

5. Is transportation provided to schools?

No, families are responsible for providing transportation except where required by law.

6. How do I apply if PUSD is not my district of residence?

Families who do not live in Pasadena, Altadena, or Sierra Madre may submit an interdistrict permit request. Visit pusd.us/Enroll for dates and forms.

7. Do preschool students receive priority to remain at the school for Transitional Kindergarten (TK) or kindergarten?

No, preschool enrollment is not a reason for priority registration. PUSD preschool students should participate in Open Enrollment for Transitional Kindergarten and kindergarten.

8. Do TK students receive priority to remain at the school for kindergarten?

Yes, for grades TK and up, students can remain at the school until the exit grade level. TK applicants should only participate in Open Enrollment if they want to change programs or schools from kindergarten.

9. Will siblings be placed at the same school?

Generally, yes, permitting available space. A new student who plans to attend the same school as an older sibling may register during priority registration if the older sibling will remain at the school for the next year. Twins participating in the lottery must put the same choices in the same order on their applications to be assigned to the same school. When one of the twins receives their lottery assignment, both students will receive it. Sibling priority offers are based on grade level and program availability.

10. Do families need to submit an Open Enrollment application every year?

Families who are accepted and enrolled in a school through Open Enrollment may remain at that school without reapplying. Applications are required when changing schools, for example, when transitioning to middle or high school. Students in magnet, IB, and dual language immersion programs are eligible to submit priority applications to continue in the same program at the next grade span.
