Dear Region 10 Families and Staff,

On November 3, voters in Burlington and Harwinton will be asked to consider four questions related to proposed improvements to Region 10 school facilities.

As part of our ongoing effort to provide our community with clear and factual information about the referendum, I have prepared a brief video explaining each of the four questions, including the proposed roof and HVAC projects and the two alternative options for improvements to the athletic field at Lewis S. Mills High School.

Complete referendum materials, including project information, financial information, presentations, and explanatory materials, are also available through **Referendum Central** on the Region 10 website.

Our goal is to ensure that members of our community have access to the information they need to understand the questions that will appear on the November 3 ballot.

Thank you for taking a few minutes to learn more.

Sincerely,

Fran Thompson, Ed.D.
