Principal's Pen:

Welcome to October! Thank you to everyone who attended our Title I Family Night. If you have any concerns about your child's learning or behavior, please reach out to his/her teacher as soon as possible.

Readers Are Leaders

Remember that reading is at the heart of all learning, and it can be a fun and rewarding experience. Please encourage your child to read something that is of interest to him or her every night. The more a child reads, the better he/she will be at reading (just like in football, baseball, soccer, etc.).

Math Matters

Having trouble finding the time or the resources to practice math facts at home? That is understandable. Two easy ways your child can practice math facts are: (1) You can make them on index cards with the answers on the back. (2) You can quiz your child orally any time you are doing something together. A child who masters math facts without using fingers or a calculator will be much more successful in future math classes.

Congratulations to our first ever grade level winners in our Tournament of Champions (math facts competition):
