

Emmett Middle School
Board Report
October 2026

Another successful Homecoming Week at EMS! While the week can be long and hectic with a multitude of activities, it offers a lasting, memorable experience to our students and school community.

The class of '76 blessed us with a donation that will allow us to replace our cafeteria drinking fountain with a filtered station designed for water bottles. We appreciate the class of '76 reaching out to inquire about how they could help with improvements at EMS.

We made two clarifications in our Athletic Handbook

- We clarified rides home with parents after games. The previous version said parents had to get prior permission to take their kids home from games. Parents do not need prior permission to take their own children home from games.
- We also clarified activity eligibility for the day of ISS or OSS. A student may not participate in practice or games the day of a suspension.
