THE BRONXVILLE SCHOOL

2026-2027 School Profile

2023 National Blue Ribbon School by the U.S. Department of Education

COMMUNITY

Bronxville is an incorporated village in the town of Eastchester, Westchester County, New York. Located 15 miles north of midtown New York City, it is a residential community of 6,500 people. The Bronxville School District is coterminous with the one-mile square village area. The community has traditionally supported public education. In May residents approved a school budget of \$57,608,210 for the 2026-2027 school year. The total district enrollment is 1,536 students K-12 and the annual per pupil expenditure is \$37,505

BRONXVILLE PROMISE

To innovate, discover, and create.
To make something new from what you know.

To find your voice and communicate clearly in
order to lead with passion and persistence.

To think critically, explore nature, history and culture;

To gain the understanding and the courage to change.

To collaborate and serve;
To engage in the world around you and
make it a better place.

The Bronxville Promise defines those dispositions we strive to develop to the fullest in all our students weaving them into the fabric of school culture, programs, and services. Project-based learning units, technology-enhanced lessons, sustained attention to writing development, access to online courses, redesigned classroom spaces and attention to growth in leadership in all areas of activity, support this endeavor.

SCHOOL

Bronxville High School is a public four-year college preparatory school, nationally recognized for educational excellence. Current enrollment is 496 students in grades 9-12, with a senior class of 121 students. Approximately 98% of graduates attend four year colleges. Thirteen students attend Bronxville's Life Skills program, a specialized pre-vocational program for students with developmental disabilities. School accreditation is through the Tri-States Association of Secondary Schools and Colleges and The New York State Education Department. The teaching faculty consists of approximately 60 full and part-time teachers, all of whom hold a minimum of a Master's Degree. As of the '23-'24 school year, one counselor works with the entire 9th grade. Three counselors, including the director, each work comprehensively with students in grades 10-12 for three years. The school calendar consists of four 9 week grading periods, with 80-minute alternating block academic class periods on a 6 day rotation.

Bronxville students are engaged citizens who collectively create and lead a healthy school community beyond the classroom through participation in a variety of extra-curricular activities. Bronxville sponsors programs in inter-scholastic athletics, music ensembles, drama, student government, Model UN, special interest and curriculum clubs, an online newspaper, yearbook, literary magazine and community service organizations with a local as well as a world-wide focus. Service at school, local, national and international levels is a long-standing tradition for Bronxville students and a core value within the community.

CLASS of 2027 AWARDS

National Merit Semi-Finalists	AP Scholars
9	19
7 commended students	20 with honors
	52 with distinction

UNIQUE COURSE OFFERINGS

Civil Discourse in Our Curriculum: Students at Bronxville High school engage in a variety of teacher developed discourse opportunities in their study of humanities. Directly connected to both English and Social Studies curricula, students practice interacting with and developing discussions around current events and other issues directly related to course requirements. Rather than engage in argumentation and position development, students engage with a variety of viewpoints and ideas in service of questioning, discussion and mutual understanding.

Mini-Elective Program (M) at Bronxville High School is a unique, student-led learning initiative where high school students partner with faculty advisors over the summer to design and teach custom, 10-session courses during Quarters 2 and 3. The courses meet weekly for 45-minutes and are pass/fail, low-stress offerings which feature discussion or project-focused exploration with no homework or exams. Courses cover a wide array of student passions ranging from Web Development, Data Science, and Aerospace Engineering to Political Science and Philosophy, as well as interdisciplinary topics like Game Theory, Fashion Psychology, and Starting a Non-Profit. Enrollment in the course is coded as (M) on students' transcripts.

Artificial Intelligence Independent Study (IND AI), students learn the basics of the Python programming language, including functions and iteration. Students study natural language processing (NLP) and the implementation of AI in situations involving written text. The class also creates applications that use advanced AI concepts like linear regression, logistic regression, and neural networks. Students also discuss the ethics of AI and its applications, in terms of bias in the data it is trained on and privacy issues associated with collecting this data.

2026-2027 ACADEMIC YEAR COURSE OFFERINGS

ACADEMICS

English, Social Studies and most Science courses are taught at Honors (H) level. Some students follow a traditional college preparatory NYS regents level study.

Enrollment in AP classes is subject to prerequisites, teacher and departmental recommendation; however a waiver policy is in place for those highly motivated students who do not meet the criteria.

Independent study and independent research are encouraged. This year approximately 75 students will investigate a topic of interest under the supervision of a teacher (IND).
