

Jim Ingram: Recipient of the Mickey Linder Spirit Award

Jim Ingram, long time “Voice of the Golden Wave”, has been around a long time. Starting school in Tupelo and sticking around from 1st to 12th grade, was a blessing. Jim says it was a positive start and positive journey. It was a place he felt secure and made lifelong friends. Both of his children attended Tupelo Public School district and one of his children teaches there now. Tupelo Public School District is “Home” to me.
