Immunization Updates

On September 21st letters were sent home for the students who are not up to date on their immunizations. Please send any and all immunization update back to the school. If you have an appointment after October 14th please call or email your school nurse for more information.

If you are unable to get into your medical provider before October 14th:

- Portage County Health and Human Services-Division of Public Health, Wausau Family Pharmacy and Stevens Point Area Public School District will be hosting an Immunization Clinic on 10/10/2026 from 9am-12pm at PJ Jacobs Junior High in the Cafeteria. Please watch for more information.

Another notice will be sent in October

Is My Child Well Enough for School?

Children who have fever, vomiting or diarrhea need to stay home from school for 24 hours after these symptoms have resolved without medications.

Reminder: The weather is getting cooler. Please send your child dressed appropriately.

Halloween Safety--Important things to remember

- Use reflective tape to decorate costumes and candy bags to increase visibility of children to drivers.
- Costumes should be well-fitted with sturdy shoes. Wear make-up instead of a mask; if a mask is apart of your child's costume be sure that it is well fitting and the eye holes are large enough.
- Be sure that children are accompanied by a responsible adult who has a flashlight.
- Instruct children to wait until they are home to enjoy their candy. Inspect Candy for any tampering or tears in the packaging.
- If you are Trick-or-Treating on Sunday, remind your child not to eat too much candy, they may get a stomach ache or become ill the next day at school.
