South Bay High School (SBHS)

350B Martha Avenue
Bellport, New York 11713

FULL DAY PROGRAM: 7:45 a.m. – 1:45 p.m.

MISSION STATEMENT

South Bay High School has a dedicated staff that provides a multifaceted educational experience on the secondary level for the academic and social development of all students in partnership with parents and the community. We are committed to empowering students with the skills to be successful in relation to society and their global surroundings.

SERVICE DESCRIPTION

Students appropriate for this intensive service model have moderate cognitive impairment with a pattern of moderate intermittent acting-out behaviors with a possible psychiatric history. Two distinct classroom settings are offered. Our alternate assessed program focuses on social/emotional skills, career development, and transition to post-secondary placements/employment. Beginning at age 14, all students taking the NYSAA will participate in Special Education Career Training at the Islip Career Center or the Transition Services Program at Brookhaven Learning Center.

Our general assessed program services students with moderate behavioral and/or intensive counseling concerns and moderate to severe learning disabilities. General assessed students in ninth and tenth grade receive a full day academic program while eleventh and twelfth graders receive a half day of academics combined with Career and Technical Education and Special Career Education programs. Students are offered a departmentalized academic program of New York State Regents Curriculum as well as CDOS credential. Students participating in the general education curriculum and working toward a Regents Diploma begin career classes in the eleventh grade. Upon completion of the program, students are eligible for the following diplomas/credentials: Regents, CDOS, or the Skills and Achievement Commencement Credential. There is a psychiatrist available on a consult basis to assist with the social/emotional needs of our students.
