October 18, 2026

This month, our school community is highlighting the importance of being responsible, a character trait that encourages our students to take ownership of their learning, choices, and actions every day.

A great way to show responsibility and engagement is by joining us for STEM Night this Thursday! The fun kicks off early at 5:30 with an amazing live sky diver presentation, followed by the main event from 6:00 to 7:30. Families can explore the hands-on STEM Bus, check out exciting demonstrations by the OCHS Robotics Club, and participate in interactive math and science activities led by our teachers. We look forward to seeing everyone for an evening of learning and discovery!

Our October attendance incentive is underway! The classroom with the best attendance this month will play Captain America Frisbee with Mr. Tinsman.

This week's attendance winners are Ms. Chapin, Ms. Gray, & Ms. Swartz's classrooms. They will each receive a reward on Monday.

Currently, our school wide chronic absenteeism rate is at 8%. At this point in the school year, a student is considered chronically absent if they miss 4 or more days of school, which can quickly impact their academic progress and connection to our classroom communities.

10/19-10/23 Wolf Trap Visits Kindergarten
10/22 Sky Divers & Kona Ice @ 5:30
