Policy Number: B119
Title: Summer Program
Section: Programs

I. Purpose

It is the policy of the Joint Committee that EASTERN will conduct a summer program of instruction for EASTERN students enrolled in the Cosmetology Program. The purpose of the summer program is to provide additional instructional hours to assist students in meeting State Board certification requirements.

Students will be admitted to the summer program if:
they are enrolled in EASTERN's regular high school Cosmetology Program for the school year immediately preceding the summer program and have a current student permit on file.
They are Cosmetology students at this school who graduated from the sending high school before completing the minimum number of hours of instruction required for State Certification in Cosmetology. Summer school shall be available to these students during the summer immediately following their high school graduation.
Summer courses may be provided in other subjects as recommended by the Director. The Joint Committee reserves the right to review such recommendations and to approve those which comply with Pennsylvania State Department of Education Regulations and do not conflict in any way with the administration of the regular sessions of this school.

II. Responsibility

The Director shall be responsible for developing regulations for the operation of the summer school that are consistent with policies of the Joint Committee. The Joint Committee does not accept responsibility for transportation of any student.
