# SCHOOLS REINVENTING COUNTIES

## CHOOSE HOW TO PARTICIPATE

### CLASSROOM LEARNING

Use the world as a classroom or club learning experience. No competition entry is required.

THINK BIG. BUILD LOCAL.

### OPTIONAL BATTLE

Schools and clubs may extend the learning through the OC Battle competition.

JOIN THE CHALLENGE.

An interactive Minecraft Education experience in a custom Orange County world. Students explore community challenges, consider different perspectives and local assets, and design evidence-based solutions. This flexible experience, for grades 3-12, connects learning with civics, community issues, and the United Nations Sustainable Development Goals. It can be used in classrooms, Community Schools, STEAM and CTE programs, clubs, after-school programs, and esports.
